NO. 184—EIGHTY-SECOND YEAR | VICTORIA, BRITISH COLUMBIA, TUESDAY, JULY 16, 1940 | SIXTEEN PAGES

THEATRES PACKED FOR SPECIAL SHOWS TO HELP WAR EFFORT

Local Houses Jammed by Motion Picture Patrons Aiding Dominion-Wide Campaign of Motion Picture Industry—Many Thousands of War Savings Stamps Purchased for Occasion

GREATER Victoria motion picture patrons rolled up in their thousands last night to support Canada's "buy-a-stamp" campaign and purchased more than 14,000 25-cent war savings stamps as admission tickets for the special performances staged here by the motion picture industry of the Dominion.

Sponsored by the industry for the sole purpose of stimulating the immediate sale of war savings stamps and certificates, receipts at last night's film showings across the country went directly to Canada's war effort. The movie houses donated the use of their facilities and the distributors the use of their films, and patrons were required to buy the war stamps as the price of admission to the show, the stamps becoming the property of the purchasers.

Long queues lined up in front of the film theatres of Victoria and district long before the shows were timed to start, at 8.30 o'clock. At every theatre it was the same. The Capitol, Dominion, Atlas, Plaza, Rio, Oak Bay and Cadet Theatres all reported capacity audiences.

PEOPLE BUY MORE

Many persons bought far more than the required two twenty-five-cent stamps, and the figure of 14,000, representing $3,500, does not indicate the amount raised here in support of the scheme. That is the figure represented by paid seats in the theatres, but hundreds of additional dollars were secured through the sale of other stamps and certificates.

COSTLY FIRE AT ZEBALLOS

Four Buildings Destroyed in Mining Town—Loss Estimated at $100,000

ZEBALLOS, B.C., July 15 (CP).—Fire which broke out in the Riverside Club early today destroyed four buildings, with loss tentatively set at $100,000.

It was the first serious blaze for this remote Vancouver Island West Coast mining centre.

The flames swept through the club premises and spread to each side, destroying the Zeballos Theatre, Frumento's department store and Holland's general store. A pool hall in the club premises and McGarrigle's meat market, in Holland's store building, were gutted.

Fire fighters, aided by a fair pressure from the recently-completed reservoir, halted the blaze just short of the Zeballos Hotel as it swept towards the waterfront.

MAN BREAKS LEG

Alex McDonald suffered a broken leg when he fell over a log while aiding in fire fighting. Hank Jefferies was treated for a gashed head, while half a dozen other fire fighters suffered minor cuts from flying glass.

Alex Stewart and two other men escaped from their sleeping rooms on the second floor of the Riverside Club. Two of the men fled by way of the stairs, but Stewart literally "singed" his whiskers when he climbed through a window and slid down a drainpipe through flames licking out from the first floor.

Most of the equipment of Dr. J. K. Kelly and Dr. Ed Lewison, in offices above Frumento's store, was destroyed.

MANY DEAD IN MINE DISASTER

Thirteen Recovered and Nearly Forty Others Missing After Explosion

SONMAN, Pa., July 15 (AP).—Thirteen bodies were recovered tonight from the explosion-shattered Koppers coal mine, and hopes were alternately raised and dashed of thirty-seven others known to be missing.

L. C. Campbell, assistant to the company's vice-president, said a check definitely established seventy-one men were in the mine shortly before noon when gas exploded, shattering three sections about 12,000 feet from the entrance.

Twenty-one men scrambled to safety, most of them crawling on hands and knees, leaving fifty trapped.

Mine Inspector W. H. Filer said the rescue workers had located twenty-two bodies and he did not believe any of the others in the pit were alive.

Describing the tragedy, Stanley C. Yuwua, twenty-three, of Portage Township, one of those who escaped, said:

"It was more of a concussion than an explosion. A great ball of white fire swept down the tunnel. I was knocked down. With the others, I began scrambling on my hands and knees for the main dip of the slope."

Campbell said there had been little actual destruction in the mine and that rescurers were making rapid progress restoring ventilation. Few of the bodies were crushed, although most of them were burned.

Ten Injured By Bombing In Shanghai

SHANGHAI, July 16 (AP).—Ten persons, all Chinese, were injured today when terrorists hurled four bombs at officers of the pro-Chungking Chinese daily, Sunpao, in the International settlement.

The bombings followed an order by Wang Ching-Wei, head of the Japanese dominated regime at Nanking, for the arrest and deportation of five United States newspapermen and Norwood F. Allman, American lawyer, member of the Shanghai Municipal Council and a director of Sunpao.

BADLY DAMAGED DESTROYER SINKS

Two Sailors Lost When H.M.S. Escort Struck by Torpedo in Mediterranean

LONDON, July 15 (CP).—The Admiralty last night announced the loss of the destroyer Escort in the Western Mediterranean. She was torpedoed.

The 1,350-ton destroyer was so badly damaged by the torpedo that she sank while other ships tried to tow her to port.

The Admiralty statement said:

"The Secretary of the Admiralty regrets to announce that the destroyer H.M.S. Escort (Lieut.-Commander J. Bostock) has been lost in the Western Mediterranean.

"H.M.S. Escort was hit by a torpedo and damaged. She subsequently foundered while in tow.

"Two ratings lost their lives. The next of kin have been informed."

Regulations for Registration of Canadians Fixed

Severe Penalties Set for Failure to Register or Giving Misleading Information — Cards of Single Men Between 19 and 45 to Be Obtained First to Assist Military Authorities

OTTAWA, July 15 (CP).—War Services Minister James G. Gardiner today announced regulations governing the national registration to be taken next month and containing stiff penalties for failure to register, giving misleading information or refusing to answer questions at registration.

Mr. Gardiner also announced the appointment of registrars and assistant registrars for almost all constituencies.

Provision is made for a speedy collection by areas of the registration cards of single men and widowers without children between the ages of nineteen and forty-five.

FOR MILITARY PURPOSES

This, presumably, is being done to facilitate the drafts of men for military training which may be made before the registration cards of the whole population are assembled, tabulated and analyzed.

The stipulation indicates married men and widowers with children will

OPERATING AT HANGCHOW BAY

Japanese Announce Start of Offensive Against Important Treaty Port

SHANGHAI, July 16 (AP).—The Japanese Navy announced today it had opened operations early this morning against the Hangchow Bay area with warships, marines and aircraft.

The area concerned includes the important treaty port of Ningpo, through which extensive trade has been maintained with the Chinese territory governed by Generalissimo Chiang Kai-Shek's regime.

Japanese had not taken action against Ningpo previously because, they explained, though it served the Chinese, it also provided a valuable outlet for Japanese merchandise.

The Hangchow Bay area, some 100 miles southwest of Shanghai, is one of the places listed in a Japanese proclamation yesterday as barred to traffic of all ships.

LAPOINTE RESTING

OTTAWA, July 15 (CP).—Because of overwork, Justice Minister Lapointe has had to go to his Summer place at Riviere du Loup on the St. Lawrence River to rest up. It was learned at his office here today.

WAR STAND IS PARTY PROBLEM

Democrats in Convention at Chicago Drafting Platform For Campaign

CHICAGO, July 15 (AP).—Seventeen members of the Democratic resolutions committee took over tonight the task of drafting the 1940 party platform amid increasing indications that deciding their stand on aid for Great Britain would prove the thorniest problem.

The schedule calls for presentation of the platform to the convention Wednesday night.

Senator Claude Pepper, of Florida, served notice that unless the platform contained a strong plank advocating all aid for Britain, "short of war," the issue would be carried to the convention floor.

CLASH AT HEARING

CHICAGO, July 15 (AP).—A proposal the United States send supplies to Great Britain under convoy of American warships, led to a clash today at hearings of the Democratic Party platform drafters.

Senators Burton Wheeler, of Montana, and Pat McCarran, of Nevada, took issue with Clark M. Eichelberger, secretary of the committee to defend America by aiding the Allies, who said that aid to Britain should include not only airplanes, guns and destroyers, but convoys for food and for child refugees traveling to the Western Hemisphere.

AN ACT OF WAR

Both senators declared the convoying of contraband foodstuffs would be an act of war, and would quickly result in the sinking of United States warships.

James A. Farley told the convention that "the whole issue" of this year's elections is a choice between a Republican party "unable to cope with" the problems of the twentieth century, and a Democratic party which has made the country "the last stronghold of genuine democracy."

Pilot Killed Flying Supplies to Fighters Of Fires in Montana

Co-Pilot Seriously Injured by Crash of Plane in Mountains—Several Fires Still Out of Control in Western States

MISSOULA, Mont., July 15 (AP).—A pilot flying supplies to forest fire-fighting crews was killed and his co-pilot injured seriously today when their airplane crashed in the Bitter Root Mountains in Western Montana.

Forest service headquarters here, directing 8,500 men in a battle to subdue the most stubborn of hundreds of lightning-ignited fires in Montana and Northern Idaho, said Robert Maricich, of Mussoula, the pilot, was found dead near Ushy Creek, fifty miles west of Darby, Mont.

The message relayed to Missoula headquarters from the remote district added only that Dell Clabaugh, of Missoula, the co-pilot, was badly hurt.

Whether the men crashed in their plane or tried to jump by parachute was not known.

SAW PLANE FALL

A forest service lookout's story of seeing the plane go down reached headquarters soon after the forest service had reported under control 98 per cent of the fires that popped out after a rainless electrical storm across 200 miles of explosively dry spruce and pine country.

At least seven serious fires still were out of hand in Idaho and Montana and a huge Canadian fire

From Europe Day by Day

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by Southam Co.)

LONDON, July 15 (By Cable).—The atmosphere in Rome, says The Times, according to reports reaching London, is one of tense expectancy such as usually precedes momentous events. Telephone calls to the foreign countries have been suspended and similiar conditions prevail in Berlin.

The Nazi press declares the third phase in the war in the West is about to begin now that the reorganization of zones of German power in Eastern and Southeastern Europe is nearly completed.

* * *

Dealing with the concession made to Japan providing for the stoppage of supplies to China over the road through Burma, The Times' diplomatic correspondent says this concession is merely temporary and does not prejudice any future liberty of action by the British Government.

The Colonial Secretary of the Singapore Administration has made it clear that Britain is now hoping to end Japan's war on China and will put forward every effort to that end.

* * *

Alluding to the success of British aircraft in the destruction of German raiders, The Times' aeronautical correspondent says Nazi tactics have by no means reached their maximum and the country must be prepared for much heavier raids.

The defences, however, are now so good that the British people have no qualms about their ability to resist.

The Nazi exaggeration of British losses shows that they feel the need to bolster up the sagging spirits of the people in Industrial Germany, disturbed night after night by Royal Air Force bombers.

* * *

Turkey has answered the German intrigue designed to embroil her with Russia. First, Moscow has denied any demands on Turkey, and, secondly, Turkey has made it clear that she wants peace in the Near East and knows she can count on Britain's loyal support.

Nothing, says The Times, would please the Nazis better than a Russo-Turkish rift except an Anglo-Russian rift. But German intrigue to this end has already been opposed.

CHILDREN MAY COME IF AIDED

No Obstacles in Way of Movement to Canada, Says Minister

OTTAWA, July 15 (CP).—No obstacles have been placed in the way of the movement of children or other British people to Canada under private auspices, Resources Minister Crerar told the House of Commons today. He said it might be necessary to examine more closely in future proposals for mass movements such as schools.

Speaking for Conservative Leader Hanson, Hon. Grote Stirling (Con., Yale) asked if the Minister would make a clarifying statement on the attitude of the British Government in view of press reports that the Governmental scheme for moving children had been modified.

NO CLARIFYING STATEMENT

Mr. Crerar said he could make no clarifying statement and it would be presumptuous on his part to do so.

Answering another aspect of the question, he said: "Up to the present no obstacles have been placed to the movement of children or other British people under private auspices or arrangements made by themselves.

"In future it may be necessary to examine more closely into mass movements such as schools. In a few instances such movements have taken place apparently under the impression that funds were available in Canada for the maintenance of the schools when such was not the case."

Raiders Driven From Holy Land

JERUSALEM, July 15 (AP).—A number of "enemy" planes dropped bombs in the Raifa area this morning. Some damage was done and there were a few casualties. It was the first raid of the war on the Holy Land.

The raiders were driven off by anti-aircraft gunfire.

AUSTRALIA FILLING MUNITIONS ORDERS

MELBOURNE, July 15 (CP-Reuter's).—Prime Minister A. G. Menzies announced tonight the Commonwealth is filling munitions orders from overseas totaling £6,866,000 (about $24,000,000), including orders amounting to £5,000,000 for the British Ministry of Supply and £1,500,000 for the Admiralty.

BRITISH PILOTS POUND ENEMY; LITTLE ACTIVITY OVER ENGLAND

German Radio Stations Silent Early This Morning Indicating Extensive R.A.F. Raids in Progress —"Considerable Damage" to Nazi Bases— Palestine Has First Air Attack of War

Admiralty Announces Loss Of the Submarine Shark

LONDON, July 16 (AP).—Royal Air Force pilots early today appeared to be ranging far and wide over Germany, as at least twelve German and German-controlled radio stations almost as far east as the old Polish border went off the air—the usual mute signal that raiders are in their vicinity.

The Germans, on their part, were reported in small numbers over Northeast England last night, but no bombs were dropped, and no gunfire was heard.

The stations silenced suddenly are at Bremen, Cologne, Munich, Leipzig, Berlin, Breslau, Frankfurt, Saarbrucken, Vienna, Brussels, Hilversum and Strasbourg.

If the R.A.F. was raiding on such a wide scale over Germany, it was resuming heavy aerial attacks of the last few days.

STRIKE AT AIRDROMES

Earlier, the Air Ministry announced that British flyers, seeking to smash Nazi jumping-off points for raids on Britain, rained explosives on twenty-two German airdromes during a forty-eight hour period.

British fighter planes took off in pursuit of German raiders which flew high over northwestern towns Monday night. Anti-aircraft fire was heard and searchlights were busy.

The Ministry said "considerable damage was done" as the R.A.F. smashed at the German bases, aircraft factories and stores, oil plants refineries and freight yards in one of the most concentrated British air offensives since the war opened.

The Ministry listed the following objectives attacked:

An aircraft factory at Bremen, aircraft stores at Paderborn (east

EXTENDS ORDER FOR FREEZING

Cannot Export Assets of Russian-Dominated Countries From United States

WASHINGTON, July 15 (AP).—President Roosevelt today extended his monetary "freezing" orders to Latvia, Estonia and Lithuania.

The order was the first preventing the export from the United States of assets belonging to Russian-dominated countries. The other orders all applied to countries invaded by Germany—France, Belgium, Holland, Denmark, Norway and Luxembourg.

The order applies to assets in the United States as of July 10 and after.

Officials offered no explanation of the move, but, as in the cases of the German invasions, they indicated the order was intended to prevent Russia from confiscating United States assets of the three countries.

At the Commerce Department, American investments of the three countries were estimated at nearly $1,000,000, and the transfer of these or any other American assets was prohibited except upon Treasury licence. Also impounded were any cash funds, public or private, these countries may have deposited here, probably larger than the security investments.

The order did not necessarily freeze, but may eventually affect, American investments in those countries, totaling about $3,400,000, including $1,700,000 of direct investments in factories and real estate, and American ownership of $1,300,000 of Estonian bonds, and $400,000 of Lithuanian bonds.

Jersey's Cattle Herds in England

OTTAWA, July 15 (CP).—Practically all the Jersey cattle herds in the Channel Islands were removed to England before the islands were occupied by German forces, Hon. J. G. Gardiner, Agriculture Minister, told the House of Commons tonight during consideration of the estimates.

WOULD HALT PRICE GAINS

Special Tax to Be Imposed If Advantage Taken of Exchange Levy

OTTAWA, July 15 (CP).—Any person who takes advantage of the 10 per cent war exchange tax on importations to increase prices unduly may have an excise tax up to 10 per cent imposed on all or any of the goods in which he deals and become subject to other drastic punishments, under an amendment to the budget resolutions presented today in the House of Commons by Hon. J. L. Ilsley, Finance Minister.

The amendment strengthens and amends instructions contained in the resolution as presented in the budget of June 24, directing the Wartime Prices and Trade Board to prevent any exploitation of consumers by those who would take advantage of the import tax.

LIABLE TO PENALTIES

In a general way, the amendment makes such a person liable to any penalties which the board is empowered to impose under the regulations set up to guide its operations. In addition, the Government will, on recommendation of the board:

". . . Impose upon all or any of the goods, produced, sold or dealt in by such persons an excise tax at a rate not to exceed 10 per cent of the selling price of such goods, remove or reduce customs duties (and) applicable thereto (fix) the prices therefore."

The Wartime Prices and Trade Board was set up immediately after war was declared, with wide powers to prevent price exploitation in respect to necessities of life.

Today's amendment empowers the board to deal with any person found

SUBMARINE SHARK IS LONG OVERDUE

Admiralty Announces Craft Presumed Lost—Is Tenth Loss Since Start of War

LONDON, July 15 (CP).—The Admiralty announced today that the 670-ton submarine Shark was overdue and presumed lost. She was the tenth submarine the Royal Navy has lost since the start of the war, including the Oxley, which was destroyed last September 11 in an accidental explosion.

The Admiralty's announcement said:

"The Secretary of the Admiralty regrets to announce that H.M. submarine Shark (Lieut.-Commander P. N. Buckey, R.N.) is considerably overdue and must be presumed lost. The next of kin have been informed."

LATE NEWS BULLETINS

BRITISH PLANES BOMBARD COPENHAGEN DISTRICT

STOCKHOLM, July 15 (AP).—The Scandinavian radio reported that British planes bombarded a district around Copenhagen, Denmark, for about an hour tonight. (There is a big German air base near Copenhagen.)

REPORT ITALIAN WORKERS GOING TO GERMANY

ROME, July 15 (AP).—The Italian radio said tonight that 20,000 industrial workers will leave shortly to work in Germany's plants by agreement between the Axis partners. The first train, carrying 716 Italian workers, is scheduled to reach the Bavarian town of Rosenheim Wednesday.

CHILE ACTS AGAINST SUBVERSIVE ELEMENTS

SANTIAGO, Chile, July 15 (AP).—Chile took strong measures today against alleged subversive elements, directing raids on headquarters of the Nationalist and the Popular Socialist (Nazi) political parties and dissolving organizations, "all apparently political," formed by "Rightists." Two morning newspapers were suspended.

LITHUANIA VOTES TO SET UP SOVIET REGIME

RIGA, Latvia, July 15 (AP).—Neighboring Lithuania, with almost a 100 per cent affirmative vote, led Latvia and Estonia today in electing unopposed delegates to new Parliaments to carry out Sovietization of the three Baltic States. Precise figures were not announced. The voters could only vote "Yes."

ADMIRALTY ANNOUNCES CREW LOST WITH GRAMPUS

LONDON, July 15 (CP).—The Admiralty announced today that five officers an[d] [illegible]ty-four seamen are missing after the loss of the mine-laying sub[marine] Grampus, reported lost June 19.

LOSES LIFE IN HARBOR WATERS

Lighthouse Keeper at Brockton Point Drowns Short Distance From Shore

VANCOUVER, July 15 (CP).—Alex McLeod, forty-nine-year-old lighthouse keeper at Brockton Point was drowned in the harbor entrance underneath the Lions Gate Bridge tonight a short distance from the shore.

McLeod left his lighthouse with his dog in a rowboat to change the lights at Calamity Point, about a half mile from shore. He was seen by two deck hands on the steamship Qualicum, which was towing No. 4 C.P.R. Transport, hanging onto the transport.

BODY IS RECOVERED

The keeper apparently lost his grip and a life belt was thrown, but he failed to grip it. The body was picked up about half an hour later by a tugboat and brought to the Immigration Wharf here.

An inhalator crew from the Vancouver Fire Department worked for more than an hour without success.

The rowboat with the dog in it was found a short distance from the body.

Police were unable to give any reason why McLeod left his boat, since it had not overturned and the dog was unharmed.

KENYA FRONTIER FORT EVACUATED

Small British Garrison Withdraws After Inflicting Heavy Losses On Italian Enemy

ALEXANDRIA, July 15 (CP).—A small British garrison in Port Moyale on the Ethiopia-Kenya frontier withdrew today after inflicting heavy casualties on large Italian forces which had tried for a fortnight to take the lonely outpost.

For the last five days the Italians had surrounded the fort. Tonight's announcement said the garrison evacuated "according to plan and without incident."

The garrison withstood heavy shellings, air bombings and land attacks in the last ten days, frequently counter-attacking and causing the enemy heavy losses. British casualties were slight.

Occupancy of the red mud fort gave the Italians a foothold on the Kenya frontier, but the position is regarded as of little strategic importance.

(It was understood in London that the troops who defended the fort were the King's African Rifles, a famed body of native soldiers under officers from Britain.)

Democratic Party of U.S. to Seek Return To Office on Record

Keynote Speaker Bankhead Denies Assertions of Republicans That Administration Attempting Lead Country Into War—No Compromise

CHICAGO, July 15 (AP).—The United States Democratic party was exhorted by its convention keynote speaker tonight to "resist to the death" any compromise of democracy with Europe's dictators and to seek another four years in power on the record of its performance since 1932.

Sounding the party call to battle, Speaker William B. Bankhead, of the National House of Representatives, also denounced as "discreditable" and "calumny" what he called a Republican charge "that the Democratic Party and Administration are attempting slyly and covertly to lead the United States into the shambles of a foreign war."

To this the Alabama orator replied emphatically that President Roosevelt, State Secretary Hull and a "Democratic Congress" have done "everything possible within the bounds of reason" to "keep us out of involvement in a foreign war."

BRITAIN STANDS ALONE

He related the course of German conquest in Europe, naming the countries that have fallen until "only Great Britain alone stands against the hurricane of the blitzkreig."

"And now," Bankhead declared, "Hitler and Mussolini have sworn her total annihilation. They have furthermore sworn eternal enmity against all so-called decadent Democracies, and that includes us.

"I do not know what attitude this convention may take on that subject, but I know that it is the attitude of the American people that we will resist to the death any compromise of our Democratic principles with those poignant disturbers of the peace of the world; that we do not propose to appease those aggressors whose doctrines wage war upon every principle of liberty for a free people that our Declaration of Independence proclaimed and our Federal Constitution preserved."

ANSWERS ASSERTION

In his discussion of national defence, the Speaker took direct issue with the Republican assertion that President Roosevelt has failed to provide adequate armaments, and that once in power the Republicans would do so.

Interspersing statistics in his recital, Bankhead related a story of disarmament and slowed-up naval construction during the Republican Administration of the 1920's. From 1922 to 1934, he said, Republican Administrations caused to be laid down "a total of only thirty-five combat ships." During the Roosevelt Administration, Bankhead continued, there were laid to June, 1940, "a grand total of 153 new units in seven years."

He gave the following as his startling summary of ships "authorized and constructed" for the navy under the last previous Republican and the present Democratic President: "During Mr. Hoover's Administration, none; during Mr. Roosevelt's Administration, 326."

ARMY AND AIR FORCE

He said, too, that the army has now an authorized strength of 375,000 men, and the National Guard, of 215,000 men. The Air Force has an ultimate objective of 50,000 planes.

Regarding "fifth column" activities, Bankhead said legislation already enacted provided "every possible restraint upon and punishment of these enemies of our institutions that could be devised within the limits of our Constitution."

AIR SUPREMACY CAMPAIGN OPEN

Drive to Secure $50,000 to Buy Planes Gets Under Way Here

Victoria's Air Supremacy Drive opened yesterday, and will continue until July 27 with a "silver trail" tag day on Saturday as one of the highlights of the campaign. The objective is $50,000 to buy planes for training and defence purposes.

The campaign is under the auspices of the Women's Auxiliary to the Air Services. The opening day brought $304.10 into headquarters, located on the ground floor of the Scollard Building on Douglas Street. This will be added to the $10,000 gift from the Victoria City Council.

The Air Supremacy Campaign follows similar campaigns in other parts of the Dominion. On Saturday it is planned to place the coins along designated streets, making a "silver trail," and marking the half-way point of the campaign.

LINK TRAINER

One of the interesting features of the campaign is the Link Trainer which has been placed in the headquarters' office for demonstration by pilots of the R.C.A.F. Hundreds saw the trainer in operation yesterday, and were given expert information concerning instruments and charts used for the training of pilots. The machine was loaned to the campaign committee by officials of the Patricia Bay air station.

The first cheque to be received at headquarters was from the Ladies' Aeronautical Association of Victoria. A unique donation was received from an eighty-year-old lady, of Pembroke Street, who sent in a silver watch of ancient make. The timepiece is a key wind.

To call attention of the public to the drive, the committee has arranged for a radio car to traverse the city streets during the shopping hours. The car is in charge of Fraser Lister and specially-prepared records of popular airs with new words are to be played along the route.

CASUALTIES LIGHT

Two British planes failed to return from the extensive flights.

In the British skies an early-morning attack on a southeast town in England resulted in one death, and altogether during the day there were four casualties and eleven injured in raids over the southeast coast.

The Ministry of Home Security reported "a little enemy air activity" in the southwest of England and South Wales during the afternoon. There were no casualties and damage was slight.

The first raid of the war on Palestine was carried out by enemy planes which dropped bombs in the Haifa area before being chased off by R.A.F. fighters. There were a few casualties and some damage was done.

The Admiralty announced the submarine Shark, 670 tons, was overdue and presumed lost. The tenth British submarine loss of the war, the Shark normally carried a crew of forty.

Authorities announced plans to remove an additional 8,500 children to inland havens from southeastern coastal areas. Evacuation will begin next Sunday.

The Nazi admiral was rewarding six submarine commanders for their courageous attacks on neutral merchant ships. He started to hand each a decoration and then found that he had only brought five with him.

Turning to the sixth commander, he said: "And you, sir, will get an egg with your breakfast tomorrow morning."

Next day the five returned their medals and asked for eggs instead.

So all six commanders had their eggs.

But the eggs were bad!

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to Go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.
A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

REGULATIONS FOR REGISTRATION SET

Continued from Page 1

not be called on the first draft.

The definition section of the regulations defines single men as men who were unmarried on July 15. Mr. Gardiner explained in the House that this is only for the purpose of whatever call may first be made by the Department of National Defence.

SPECIAL DUPLICATES

The regulations require deputy registrars who will be in charge of registration in polling divisions to make duplicates of the cards of single men (as defined) and widowers without children between nineteen and forty-five years of age.

These duplicates are to be placed in a separate envelope and sent to the constituency registrar who will send them to a judge to be named later.

For all other purposes married men will be registered as married regardless of the date of their marriage and the regulations require persons who marry after the date of registration to report their marriage to the Dominion Statistician at Ottawa within fourteen days. Persons who change their address must report that fact in the same way.

MUST CARRY CERTIFICATE

Each person, on registering, will be given a certificate which he must carry at all times.

Failure to register within the registration period will be punishable by a fine not exceeding $200 or imprisonment for not more than three months or both and an additional penalty of $10 a day for each day elapsing between the close of the registration period and registration or trial.

Any peace officer, police officer or constable may demand production of the registration card from any person and neglect or failure to show a card on demand carries a fine not exceeding $20.

OTHER PENALTIES

A fine not exceeding $100 is provided for refusing to answer a question on registration and for giving false or misleading answers the penalty is a fine not exceeding $200 or imprisonment for not more than three months or both.

A penalty running to a fine of $200 and (or) imprisonment for not more than three months is provided for advising any person to refuse or omit to comply with any of the regulations or impeding any person in the performance of duties under the regulations.

Postmasters are made continuing registrars for persons becoming eligible for registration after the registration period.

Mr. Gardiner told the House today the Government was anxious to complete the registration as early as possible and it was necessary to complete organization by August 1.

EXPLAINS DEFINITION

The minister said he was afraid too much importance had been attached to the regulation defining a single person, for registration, as persons who were single on July 15, 1940. It would make little difference in regulations to the calling up for military training, he said.

The minister said: "There is one particular matter which, because of the attention it has received in the public press, I should like to call to the attention of the members. A single man is a person who was unmarried on July 15.

"I am afraid some persons have placed more importance upon that than is warranted by the regulations.

"After all, all it could possibly mean is that a man is considered single for the purposes of the first list which will be required by the Militia Department and from which men will be called up for training.

"It will be found later on in the regulations that after a little time has expired, each man who has married will have to report within thirty days and he will then be listed for succeeding calls as a married person.

"There had to be some definition of a single man for the purposes of the registration. Any other that is made for the date of calling up will be made by the Department of National Defence rather than under these regulations."

WHO MUST REGISTER

Regarding those who must register the regulations said:

Every person resident in Canada, man and woman, British or alien who;

A. Attains his or her sixteenth birthday after the last day or the registration period or,

B. Ceases after the last day of the registration period to be a member of a class of persons exempted from registration under subsection one of this section, or,

C. Was absent from Canada during the whole of the registration period, shall within thirty days from the time of his or her sixteenth birthday in the case of persons mentioned in paragraph (A) or from the date of his or her ceasing to be exempted in the case of persons mentioned in paragraph (B) or from the date of his or her entry or re-entry into Canada in the case of persons prescribed in paragraph (C) register in the manner prescribed.

During the registration period the places appointed for registration shall be opened at 8 a.m. and shall remain open until 10 p.m., local time.

Mr. Gardiner indicated August 19 as a likely date for registration to start should machinery be ready by then. It likely would last four days.

Permit for House

H. Court secured a $3,000 city building permit yesterday to construct a five-room dwelling at 58 Gorge Road for J. J. Wilson, Jr. It will measure 46 by 27 feet with fir floors, stucco exterior walls and a basement garage.

BE SPECIFIC

A young doctor returned to his native village and called upon the old family physician.

"I suppose you intend to specialize," remarked the latter.

"Oh, yes," replied the young man; "in the diseases of the nose; for the ears and throats are too complicated to be combined with the nose for purposes of study and treatment."

Thereupon the family physician inquired: "Which nostril are you concentrating on?"

GOOD NEWS FOR SUFFERERS WITH VARICOSE VEINS AND ULCERS

When it was found a few years ago that the injection of varicose veins would do away with operation, anaesthetic, and three weeks' hospital stay, many thousands of cases were given this form of treatment. Then when varicose veins returned in a number of these cases, it was not only discouraging to the patients themselves but to thousands of others who were about to undergo this method of treatment.

Fortunately it was soon found that if the large outer vein in the leg was tied off by the surgeon at a point near the groin, the varicose veins did not return.

A complication of varicose veins is the varicose ulcer which is found at or about the calf of the leg. It was for many years the despair of large hospitals as treatment—ointments, strapping, rest—gave but poor results. With the removal of the varicose veins by injection, most of these old ulcers were healed, but again the return of the varicose veins brought a return of the ulcer.

Under these circumstances it was but natural that many patients with varicose veins and varicose ulcers gave up all hope of a cure except by operation and weeks of rest.

To make these sufferers aware that the injection method will cure the great majority of varicose veins and varicose ulcers if the large vein near the groin is first tied off, Dr. Philip H. Rakov, Syracuse, in New York State Journal of Medicine, states that careful records show that in only 12 per cent (one case in every eight) do the varicose veins and ulcer return. These figures have been arrived at as a result of a follow-up study of 409 cases treated personally by Dr. Rakov.

The tying off of this large vein is performed under local anaesthetic and the patient does not have to remain in hospital. The injection of the veins is done in the physician's office so that no time is lost from work, no general anaesthetic or hospital stay being necessary.

The above results are in line with those obtained by many other surgeons who first tie off the large vein before injecting the varicose veins.

"No," said the very old gentleman, "women haven't changed. They were always wanting new bonnets in my young days."

"My wife wants one," sighed the young man, "one with a car behind it."

Owners of Property Required to Assent To Home Conversion

Zoning By-Law Amendment Passed by City Council Affects Alteration to Duplex or Apartment Buildings in Certain Areas

A ZONING by-law amendment requiring the consent of 65 per cent of property owners in select residential districts to any plan to convert a single-family dwelling into a duplex or apartment building was passed by the City Council yesterday afternoon.

Herbert W. Davey, representing residents of St. Charles Street, spoke in favor of the amendment when the council went into committee to hear delegations. Against the by-law were J. Moxam, W. H. Bullock-Webster and M. B. Jackson, K.C.

Instructions were given the city solicitor to attend to a notice from Gainsboro Apartments, Ltd., that legal action to secure a permit to convert 960 St. Charles Street into an apartment building would commence in Supreme Court at 10:30 o'clock Thursday morning.

Another zoning by-law amendment to alter the classification of a lot at the northeast corner of Cook Street and Fairfield Road from apartment to commercial was not passed by the council. H. D. Patterson, representing a company planning to erect an $18,000 grocery store on the property, spoke in favor of the amendment. Miss Mary Hamilton presented a letter objecting to the amendment.

TO ERECT BANNER

Permission was granted Victoria Women's Auxiliary to the Air Services to erect a banner across Douglas Street. An invitation to attend Victoria Highland Games Association annual event at Macdonald Park at 9 o'clock on the morning of July 27 was accepted.

A letter from Amberine Products, Ltd., commending parallel parking on Douglas Street, and another from J. R. Freer cancelling his signature on a petition against that form of parking, were referred to the public works committee.

Alderman S. H. Okell wanted to know when the committee would report on parallel parking. Mayor Andrew McGavin replied Alderman Edward Williams was out of the city, but the matter was still under advisement.

In reply to a complaint from B. S. Heisterman about low water pressure on St. Charles Street, the Mayor stated it would be increased by next year. The city engineer reported an investigation was now under way.

The finance committee was asked to deal with a letter from McDermid, Miller & McDermid, Vancouver, suggesting that the Rowell Commission report be placed in public and high school libraries.

SEEKS DEPOSIT

A letter from a man who failed to secure a National Housing Act loan asked the council to return his $15 deposit on a $50 lot. The Mayor and solicitor were given power to act.

In reply to a previous request from the council, the comptroller reported that the work of Miss V. M. Foote was quite satisfactory since her appointment last year to temporarily fill a position vacated by a young man who had been called up for active service. The report showed that her parents paid between $950 and $975 in taxes to the city annually.

Alderman B. J. Gadsden then wanted to know if any employee who joined the navy, army or air force lost his seniority. Mayor McGavin replied that the positions of those who joined up were temporarily filled, and they would get their jobs back if they returned physically capable to resume their former duties.

Alderman Wills asked if a man left a city job at $100 per month and returned four years later to find his temporary successor receiving $150 per month, would he resume work at $100 or $150 per month.

KEEP SENIORITY

The city clerk replied that a previous council resolution stated such a man would maintain his seniority. Alderman W. H. Davies thought the whole question should be thoroughly discussed in the near future.

Lands committee sales ratified by the council included property on the east side of Government Street, between Yates and Johnson Streets, $2,000, and a lot on the east side of Boyd Street, between Luxton Avenue and Niagara Street, $350.

On recommendation of the relief committee, Miss V. Gleason was transferred from the welfare office to the position of engineer's secretary at $85 per month.

Alderman Davies stated that $54.50 had been collected and turned over to the Women's Auxiliary to the Air Services during the public concert and dance at Beacon Hill Park last Thursday. He said another such entertainment was planned for Friday this week. The alderman was congratulated by the council.

MAKES COMPLAINT

George H. Brisco appeared before the council to complain the traffic light ordered for the intersection of Quadra Street and Pandora Avenue did not conform to specifications. He charged that the Northern Electric Co., Ltd., could have submitted a lower tender if they had departed from specifications, and that the type of signal selected had not been found suitable on other parts of the coast within a day's journey of the city.

He declared it was not fair to ask for one thing and then buy another. He said the Northern Electric Signal could have been tied up to other signals, whereas the one purchased by the city was an isolated unit.

Alderman Okell answered that the city lighting committee accepted the tender of the Canadian General Electric Company, Ltd., because it was the lowest received. He said the light had been ordered according to secifications. Alderman Archie Wills agreed.

The city purchasing agent stated specifications handed to both companies were identical.

Alderman T. W. Hawkins stated the Northern Electric tender was $515.50 and the Canadian General Electric, $472.80. He denied that the Canadian General Electric had been shown any favors, adding that he would like to hear the company's Mainland representative. The question was referred to the lighting committee for attention.

which has blacked 150 square miles north of the border advanced relentlessly south toward the Kaniksu Forest in Idaho.

A detachment of the fighting forces recruited from as far as Great Falls, in Montana, and Spokane, in Washington, was sent out to dig a fire line barricade on the boundary.

CUTTING OF FIRE LINE

The fire was reported licking south within two miles of the border.

Two of the worst fires were in the Flathead National Forest in Northern Montana. Tollworn chopping and digging squads had six more miles of fire line to cut before surrounding the 2,000-acre Tally Lake fire near Kalispell.

With more than 300 acres already burned, a fire on Deadhorse Ridge became so threatening that 375 men were assigned to fighting it.

Other fires burning on the Flathead included blazes near Whitefish Lake, the Teakettle region, Pioneer Ridge and near Six Mile Lookout.

Lady Minto Dies At English Home

LONDON, July 15 (CP).—Mary Countess Minto, widow of one of Canada's earliest Governors-General, died at Godalming, Surrey, yesterday.

Before her marriage on July 28, 1883, she was Mary Caroline, daughter of General Charles Grey, once private secretary to the Prince Consort and Queen Victoria. She is survived by the fifth Earl Minto, Countess Cromer and Lady Violet Astor.

Britain Will Fight Until Victory Is Won, Says Premier

Churchill Broadcasts Stirring Address to Empire —Millions Under Arms to Repel Any Attempt At Invasion—Royal Navy and Air Forces Carrying On—Comfort for France

LONDON, July 15 (AP, Via Radio).—The text of the broadcast address by Prime Minister Churchill last night follows: During the last fortnight the British navy, in addition to blockading what is left of the German fleet and chasing the Italian fleet, has had imposed upon it the sad duty of putting effectually out of action for the duration of the war the capital ships of the French navy. These, under the armistice terms signed in the railway coach at Compiegne, would have been placed within the power of Nazi Germany.

The transference of these ships to Hitler would have endangered the security of Great Britain and the United States. We, therefore, had no choice but to act as we did, and to act forthwith.

PAINFUL TASK COMPLETED

Our painful task is now completed Although the unfinished battleship Jean Bart still rests in a Moroccan harbor, and there are a number of French warships at Toulon and in various French ports all over the world, they are not in a condition, or of a character, to derange our preponderance of naval power.

As long, therefore, as they make no attempt to return to ports controlled by Germany or Italy, we shall not molest them in any way. That melancholy phase in our relations with France has, so far as we are concerned, come to an end.

Let us think, rather, of the future.

Today is the 14th of July, the national festival of France. A year ago, in Paris, I watched the stately parade down the Champs d'Elysee of the French army and the French empire. Who could foresee what the course of a year would bring? Who can foresee what the course of other years will bring? Faith is given to us as a help and comfort when we stand in awe before the unfurling scroll of human destiny. And I proclaim my faith that some of us will live to see a 14th of July when a liberated France will once again rejoice in her greatness and in her glory; and once again stand forward as a champion of the freedom and the rights of man.

WITHOUT REPROACHES

When that day dawns, and dawn it will, the soul of France will turn with comprehension and with kindness to those Frenchmen and French women, wherever they may be, who, in the darkest hour, did not despair of the republic.

In the meantime we shall not waste our breath, or encumber our thoughts, with reproaches. When you have a friend and comrade at whose side you have faced tremendous struggles, and your friend is smitten down by a stunning blow, it may be necessary to make sure that the weapon that has fallen from his hands shall not be added to the resources of your common enemy.

But you need not bear malice because of your friend's cries of delirium and gestures of agony. You must not add to his pain. You must work for his recovery. The association of interest between Britain and France remains. The cause remains.

Duty inescapable remains.

OFFERS OF GOOD WILL

So long as our pathway to victory is not impeded, we are ready to discharge such offices of good will towards the French Government as may be possible, and to foster the trade and help the administration of those parts of the great French Empire which are now cut off from captive France but which maintain their freedom.

Subject to the iron demands of the war which we are waging against Hitler and all his works, we shall try to conduct ourselves so that every true French heart will beat and glow at the way we carry on the struggle and that not only France, but all the oppressed countries in Europe may feel that each British victory is a step towards the liberation of the Continent from the foulest thralldom into which it has ever been cast.

All goes to show that the war will be long and hard, no one can tell where it will spread. One thing is certain—the peoples of Europe will not be ruled for long by the Nazi Gestapo. Nor will be world yield itself to Hitler's gospel of hatred, appetite and domination.

And now it has come to us. We must stand alone in the breach and face the worst that the tyrant's might and enmity can do. Bearing ourselves humbly before God, but conscious that we serve an unfolding purpose, we are ready to defend our native land against the invasion by which it is threatened.

STRONG CITY OF REFUGE

We are fighting by ourselves—alone. But we are not fighting for ourselves—alone. Here, in this strong city of refuge, which enshrines the title deeds of human progress—and is of big consequence to human civilization—here, girt about by the seas and oceans where our navy reigns; shielded from above by the prowess and devotion of our airmen, we await undismayed the impending assault.

Perhaps it will come tonight. Perhaps it will come next week. Perhaps it will never come. We must hold ourselves equally capable of meeting a sudden violent shock or, what is perhaps a harder task, of a prolonged vigil.

But be the ordeal sharp or long, or both, we shall seek no terms, we shall tolerate no parleys. We may show mercy—we shall ask none.

I can easily understand how sympathetic onlookers across the Atlantic, or anxious friends in the yet unravaged countries of Europe who cannot measure our resources or our resolves, may have feared for our survival when they saw so many states and Kingdoms torn to pieces in a few weeks, or even days, by the monstrous force of the Nazi war machine.

NEW TEST FOR HITLER

But Hitler has not yet been withstood by a great nation with a will power equal to his own. Many of these countries have been poisoned by intrigue before they were struck down by violence. They have been rotted from within before they were smitten from without. How else can you explain what has happened to France? To the French army? To the French people? To the leaders of the French people?

But here in our island we are in good health, and in good heart. We have seen how Hitler prepared, in scientific detail, the plans for destroying the neighboring countries of Germany. He had his plans for Poland and his plans for Norway. He had his plans for Denmark. He had his plans all worked out for the doom of the peaceful trustful Dutch. And of course for the Belgians. We have seen how the French were undermined and overthrown. We may therefore, be sure that there is a plan, perhaps built up over years for destroying Great Britain; which, after all, has the honor to be his main and foremost enemy.

All I can say is that any plan for invading Britain which Hitler made two months ago must have had to be entirely recast in order to meet our new position.

CHANGED SITUATION

Two months ago, nay one month ago, our first and main effort was to keep our best army in France. All our regular troops, all our output of munitions, and a very large part of our air force, had to be sent to France and maintained in action there.

But now we have it all at home. Never before, in the last war or in this, have we had in this island an army comparable in quality, in equipment or numbers to that which stands here on guard tonight.

We have a million and a half men in the British army under arms tonight. And every week of June and July has seen their organization, their defensive and striking power advance by leaps and bounds. No praise is too high for the officers and men, aye, and the civilians, who have made this immense transformation in so short a time.

THE HOME GUARD

Behind these soldiers of the regular army, as a means of destruction for parachutists, air-borne invaders, or any traitors that may be found in our midst, and I do not believe there are many—woe betide them, they will get short shrift—behind the regular army we have more than 1,000,000 of the local defence volunteers, or, as they are much better called, the Home Guard.

These officers and men, a large proportion of whom have been through the last war, have the strongest desire to attack and get to close quarters with the enemy, wherever he may appear.

Should the invader come to Britain there will be no placid lying down of the people, no submission before him, as we have seen, alas! in other countries.

We shall defend every village, every town and every city; the vast mass of London itself, fought street by street, could easily devour an hostile army, and we would rather see London laid in ruins and ashes than that it should be tamely and abjectly enslaved.

I am bound to state these facts because it is necessary to inform our people of our intentions, and thus to reassure them.

This has been a great week for the Royal Air Force and for the fighter command. They have shot down more than five to one of the German aircraft which have tried to molest our convoys in the Channel, or have ventured to cross the British coastline.

PRELIMINARY ENCOUNTERS

These are, of course, only the preliminary encounters to the great battles which lie ahead.

But I know of no reason why we should be discontented with the results so far achieved, although, of course, we hope to improve upon them as the fighting becomes more widespread and comes more inland.

Around all lies the power of the Royal Navy, with over 1,000 armed ships under the White Ensign, patrolling the seas; the navy, which is capable of transferring its force very readily to the protection of any part of the British Empire which may be threatened; which is capable also of keeping open our communications with the New World from whom, as the struggle deepens, increase in aid will come.

Is it not remarkable, that after ten months of unlimited U-boat and air attack upon our commerce that our food reserves are higher than they have ever been, and that we have a substantially larger tonnage under our own flag, apart from great numbers of foreign ships in our control, than we had at the beginning of the war?

Why do I dwell on all this?

MUST REDOUBLE EFFORTS

Not surely to induce any slackening of effort, vigilance. On the contrary, these must be redoubled, and we must prepare not only for the Summer, but for the Winter.

Not only for 1941, but for 1942, when the war will—I trust—take a different form from the defensive in which it was hitherto been bound.

I dwell on these elements in our strength, on these resources, which we have mobilized and controlled. I dwell on it because it is right to show that the good cause can command the means of survival; and while we toil through the dark valley, we can see the sunlight on the uplands beyond.

I stand at the head of a Government representing all parties in the State; all creeds, all classes, every recognizable section of opinion. We are ranged beneath the crown of our ancient monarchy. We are supported by a free Parliament and a free press.

BOND OF UNION

But there is one bond which unites us all and sustains us in the public regard. Namely as is increasingly becoming known, that we are prepared to proceed to all extremities, to endure them and to enforce them. That is our bond of union in His Majesty's Government tonight.

Thus only in times like these can nations preserve their freedom. And thus only can they uphold the cause entrusted to their care. But all depends now upon the whole life-strength of the British race in every part of the world, and of all our associated people, and of all our well wishers in every land, doing their utmost night and day, giving all, daring all, enduring all to the utmost, to the end.

This is no war of chieftains or of princes, dynasties or national ambitions. It is a war of peoples and of causes.

There are vast numbers, not only in this land, but in every land, who will render us faithful service in this war, but whose names will never be known, whose deeds will never be recorded.

This is a war of the unknown warrior. But let all strive without failing in faith or in duty, and the dark curse of Hitler will be lifted from our age.

Where Crowds Enjoy Annual Festival

Tomorrow is "All-Sooke Day," sponsored by the Sooke Community Association. The above picture shows a section of the crowd that attended the festivities last year. The committee in charge had arranged a big programme, which is to include land and water sports, logging contests, a baby show, championship tug-of-war and an all day beef barbecue. A number of novelty events are also included in the generous programme. The affair is to take place at Sooke River Flats and is under the patronage of His Honor E. W. Hamber, Lieutenant-Governor of British Colhmbia. The day's outing will conclude with a dance at the Sooke Community Hall. A portion of the proceeds will go towards Canada's war effort.

VISITOR PASSES AFTER ACCIDENT

William E. Stevenson Brought Here In Ambulance Following Collision in Idaho

Following an auto accident several days ago in Idaho, while en route to Victoria with his son, A. J. Stevenson, 3011 Quadra Street, William Edwin Stevenson, aged seventy-four, died in St. Joseph's Hospital on Saturday night, shortly after being admitted.

Following a collision, the elderly man was brought to the boat in an ambulance from Idaho, and was admitted to the hospital here. An inquest will be held on Wednesday at 10 a.m. at the Thomson Funeral Home.

Mr. Stevenson, a pioneer of Ontario, born on a farm in Fingal and having lived there all his life, is survived by his wife, son, and three daughters, Mrs. Margaret Kendall, Detroit; Mrs. Orville Johnson, St. Thomas, Ont., and Mrs Leland Harris, Fingal, Ont.

The funeral will be held from the Thomson Funeral Home on Wednesday afternoon at 2:30 o'clock, with Rev. R. M. Thompson officiating. Interment will be in the Royal Oak Burial Park.

Registrars for National Count Are Appointed

SEPTEMBER TO SEE B.C. POLL

Mackenzie By-Election Expected in Early Fall After Fishing Ends

While no official intimation has been given yet as to the actual date of the by-election in Mackenzie riding, to fill an existing vacancy in the British Columbia Legislature, unofficial sources suggest the poll will be called around September, after fishing fleets in the area have returned for the most part to their bases.

Mackenzie, one of the largest and most scattered ridings in the province, has relatively large fishing fleet settlements whose members are now away at sea. The halibut and salmon runs continue until early Fall, at which time the fleets return to their home ports. It is expected that the by-election will be timed to suit the majority of those in the riding.

Premier Pattullo has already intimated that the seat will be filled in time for the next session of the Legislature, which would occur normally early in October. With that in mind, and the special nature of the riding, observers believe that the test may be called about a month before the House opens here in the Fall.

Sutherland Brown, Capt. J. R. McIlree, Major H. C. Holmes, W. P. D. Pemberton and A. H. Wyllie. Hayward's B.C. Funeral Company were the funeral directors.

SIMPSON—Funeral services over the remains of Mary Elizabeth Simpson will be held on Wednesday afternoon at 2 o'clock in Hayward's B.C. Funeral Chapel, Rev. F. Vernon Venables officiating. Following the service, the cortege will proceed to the Colwood Burial Park for interment.

PEARSON—There was a large congregation of sympathizing friends and relatives at the funeral services held in St. Mary's Church, Oak Bay, yesterday morning for Gordon Vaudin Pearson. Ven. Archdeacon Nunns conducted the services, during which the hymns "Abide With Me" and "Loving Shepherd of Thy Sheep" were sung. There were many beautiful floral tributes. The following acted as pallbearers: P. Pearson, H. Rive, W. H. Robertson and Major H. Nation. Interment took place in the Colwood Burial Park.

WILKIE—Funeral services were held in St. Paul's Naval and Garrison Church yesterday afternoon for Claude Osmand Wilkie. Rev. Arthur Bischlager conducted the service, after which the casket was placed on the gun carriage and accompanied by an escort of naval reserves, conveyed to the Naval Cemetery, where interment was made. After the service at the graveside, the firing party, under the direction of Chief Petty Officer Bird, fired three volleys over the grave of their comrade, and Bugler Able Seaman Frederick Short sounded the "Last Post" and "Reveille." The pallbearers were Able Seamen T. Kelly, J. H. Wheeler, C. Jeffries, J. Mellors, P. Kennedy and J. Marshall. McCall Brothers, funeral directors, were in charge of the funeral arrangements.

MARTIN—The funeral of Edwin George Martin will be held this afternoon at 2:30 from the Thomson Funeral Home. Rev. Alan Gardiner will conduct the service.

Leaped From Car Plunging Into Sea

VANCOUVER, July 15 (CP)—John E. Anderson, Vancouver ice cream vendor, told today how he escaped death by leaping from his car as it plunged from a pier into the harbor here yesterday, dropping into thirty-five feet of water.

Anderson said his foot slipped from the controls as he was driving the car on to the pier, and it crashed through a twelve-inch guard rail. The car hung for a moment on the edge and Anderson climbed out, clutching at a ladder as the car fell from under him.

TO CONTINUE CONCERTS AT BEACON HILL PARK

Another in the series of recorded concerts will be offered by David Spencer Limited in Beacon Hill Park from 2:30 p.m. to 4:30 p.m. on Wednesday. In connection with these concerts, David Spencer wish to announce that arrangements have been made with British Columbia Sound Systems, who handle this feature for them, to make available to the public any broadcast of national scope that might take place during the hours of this recorded feature.

This additional service in connection with these concerts, given each Wednesday and Saturday afternoon, will mean that visitors to Beacon Hill Park on these afternoons will be able to hear any really important broadcast without having to leave the delightful surroundings of the park.

HER PHOTO WON THE BEAUTY CONTEST

— but SHE Couldn't Win a Friend

KITTY WAS A HOT-WEATHER OFFENDER

IN her photos, Kitty had everything—a gorgeous face ...a perfect figure. Women envied her. Men sought to meet her. But, in *real life*, Kitty didn't have a single *close* friend. For some strange reason she believed herself immune to the most common enemy of popularity—she had become a "Hot-Weather Offender."

All of us must perspire to live, just as we must breathe. Warm, sweltering weather increases perspiration—and what is worse, it speeds up decomposition. Left on the body, under the arms, around the waist, sweat deposits go stale—decompose. Then YOU have "B.O."

"B.O." can ruin romance, business and social chances. Check it before it starts with Lifebuoy. Lifebuoy contains an exclusive deodorizing ingredient not found in any other leading toilet soap. Used regularly in your daily bath, Lifebuoy protects *you* from offending *others*—stops "B.O."—and its generous purifying lather washes stale sweat deposits away. It is also kind to the skin—20% *milder* than many so-called "beauty" and "baby" soaps, by actual test.

SCIENTIFIC FACTS ABOUT B.O.

The adult skin has 2 to 3 million sweat glands which act as a cooling system, giving off from 1 to 3 pints of perspiration *daily—even when we are sitting still.* If perspiration stopped, we would die from *hyper pyrexia* (heat stroke).

Because much of the water in perspiration evaporates, we do not see or feel it. Summer heat, nervous excitement, heavy clothes or warm rooms quickly decompose this sweat deposit —turn it stale—cause offensive "B.O." (Body Odor).

INSPIRING LEADERSHIP

In all great issues of their destiny, it has been the good fortune of the British peoples to find inspiring leadership, and that they have today, and seemingly in growing strength, in Mr. Winston Churchill. It was said of him months ago that his speeches alone have been a spur to worthy effort and a study of lasting value. In no way has this been more strongly emphasized than since he became Prime Minister. Again and again what he has had to say to the Empire and the world has been said in thrilling words, in memorable phrases, redolent of that courage and that determination which he embodies, and because of which he gives expression to what is the heart and the soul of the peoples for whom he speaks.

No one, to the same degree as Mr Churchill, has put into words the united ardor of the free peoples of the Empire, whose will to victory no ordeal, however severe, can quench. When he took over the office of Prime Minister he said: "You ask what is our policy; I will say: It is to wage war, by sea, land and air, with all our might and with all the strength that God can give us, and to wage war against a monstrous tyranny, never surpassed in the dark, lamentable catalogue of human crime." When France was wavering in the balance, he said: "Even if, which I do not for a moment believe, this island, or a large part of it, was subjugated and starving, then our Empire beyond the seas, armed and guarded by the British Fleet, would carry on the struggle until in God's good time the New World, with all its power and might, steps forth to the rescue and the liberation of the Old." Then, when France capitulated, he said: "What has happened makes no difference to British faith and purpose. We have become the sole champions now in arms to defend the world cause. We shall do our best to be worthy of that high honor. We shall defend our island, and, with the British Empire around us, we shall fight on unconquerable until the curse of Hitler is lifted from the brows of men. We are sure that in the end all will be well."

His broadcast of Sunday summarized, in memorable language, all the gathering resolution that has marked his leadership. Now, with their wills steeled and their hearts uplifted and unafraid, the peoples of the British Empire may need no winged words to cement their determination, and yet each utterance of the Prime Minister seems to lift them to new heights, to those uplands of which Mr. Churchill has made mention more than once. He has told all peoples, who will not tolerate aggression, rapine and murder, that upon the Battle of Britain depends the survival of Christian civilization, that upon it, too, depends British life "and the continuity of our institutions and our Empire." He knows that the full fury of Hitlerism is about to be turned loose on the British Isles, and he knows the British are prepared with supreme confidence to meet the issue. What he told the world on Sunday should persuade all of wavering faith in democracies outside the British realm that those who are fighting their battles do not entertain the prospect of defeat. His new summons to service in the cause of freedom is a resounding echo of a previous clarion call when he said: "Let us, therefore, address ourselves to our duty, so bear ourselves that if the British Commonwealth and Empire lasts for a thousand years men will say: 'This was their finest hour'."

WAKE UP, OTTAWA!

It is four weeks since Parliament gave the Government authority to conscript industry, wealth and labor, as well as man power, for home defence. The measure was passed swiftly, because of the plea of the Prime Minister of the necessity that intensified war preparations should be "launched immediately." The registration of man power is to take place in mid-August, almost two months after a decision to this effect was reached. The mobilization of man power, on a qualified scale, is to commence in mid-September, almost three months after the Government secured authority to take this step. Ottawa moves with ponderous delays in putting the whole strength of this country into the war effort, and, if what is planned in the matter of conscription is not radically altered, it is apparent that the Government is still intent on only a qualified participation in this crisis in the affairs of the Empire.

Political leadership in this country is dull, smug and complacent. It has failed to move in consonance with the tragically rapid happenings of the time. On April 9 the Germans invaded Denmark and Norway. Canada's reaction was the summoning of Parliament to meet on May 16. On May 9 the Germans commenced to overrun Holland and Belgium. Immediately, in Great Britain, the realization burst into full fruition that a truly national Government was the need of the hour. On May 10 Mr. Churchill took office, and summoned to his Cabinet the representatives of Labor and Liberal Parties. On May 15, on the eve of the opening of the new Parliament at Ottawa, the Germans broke through the French lines at Sedan. On May 28, Leopold King of the Belgians surrendered; on June 10 Italy entered the war. It was not until over a week later that the Mobilization Bill was introduced at Ottawa. Three days following the introduction of that legislation France capitulated to the enemy. Since then the attack on Great Britain has been intensified.

Sometimes it seems as if the political direction of the War in this country was tethered by an unseen power of inaction. Surely, if true leadership were in office, the country would move swiftly and with undeviating determination to the appointed ends of such a crisis. Government, as in Great Britain, could cut the bonds of red tape when the institutions under which it operates are threatened. Swiftness in decision and in action is an imperative need; all obstacles to its operation should be swept aside. The Administration at Ottawa is now all-powerful; it can use all the resources of the country, and, so far, it merely contemplates doing something to this effect some time in the future. Because of its methods of procrastination there is a large section of public opinion in Canada thoroughly disgusted. The people here have been indoctrinated with the belief that they are virile and resourceful. These are terms that could not characterize their Government at any time during ten months of war.

The taxpayers, who have accepted with a great deal of equanimity, the new and great burdens of the budget are waiting for Ottawa to wake up and tell them to the full what is to be the effort which these burdens mean. It is very certain that the public will not be satisfied with the half-hearted measure of conscription that is proposed. Even if this conscription is to be confined to the defence of Canada, it should bring into existence a fully-fledged soldiery, equipped to the uttermost with all the modern weapons of war and trained in their use as professionalized troops. Otherwise, conscription will be next door to valueless. Moreover, in other respects, the Government should be prepared to tell the people what steps it will take following the registration of the country's man power. There has been no inkling of this. As it is, the Administration is moving to uncertain ends with uncertain steps. It is full time that the Government's unceasing propaganda of glittering generalities, about some thing that it intends to do some time in a nebulous future, should come to an end and be replaced by action, by the immediate mustering of the Dominion's great resources so as to throw them into the battle for freedom.

PATRICIA BAY AIR BASE

Nearly two years have elapsed since a start was made on the establishment of a joint land and sea air base at Patricia Bay. The work is still unfinished. There has been delay, procrastination, changed plans, surveys and re-surveys, and, generally speaking, something in the nature of slow-motion effort in providing this facility. How the Dominion Government goes about the provision of its war facilities is in sharp contrast to German and Russian methods. The Germans built airdromes and provided airfields in Norway within a few weeks of their occupation of that country. The Russians, within almost the same period, constructed similar facilities at the bases they acquired in Latvia, Estonia and Lithuania. Germany, already, has new air bases in Holland and Belgium, which she constructed herself, and no doubt she is now engaged in providing additional ones in France for a projected offensive against Great Britain.

The delays in the establishment of an air base at Patricia Bay are inexcusable at a time such as this. There is illustration in this locality of what seems to be happening all over the country, and because of which it will be September next before the first few hundred pilots will be turned out under the Empire air training plan. The Government, in this and other respects, may be well intentioned, but it seems to be deficient in organizing ability, and all the experts, flying and otherwise, that it has called to its councils do not appear to have speeded up, to the required extent, the air organization which could be made of so great value in the war effort. Up to a few weeks ago, all Canadian airmen who have been engaged in the War were those who went overseas at their own expense and joined the Royal Air Force, secured their training in England and were ready when the summons for action came. Many of these youths were in civilian life when the construction of the Patricia Bay air base was commenced. They are now fully-fledged airmen, with many flights to their credit, while the facility for training, or for whatever other purpose it is to be used, on the Saanich Peninsula is still unfinished.

Note and Comment

By SANDHAM GRAVES

There are many worlds. There is a world compounded of solitude and the green woodland, where laughing waters play day-long symphonies to the unseen stars. It is a fabulous world, that. The entry of man stills most of its wanderers into shocked surprise. But if he will sit down, and keep still, the forest soon goes about its business again. The blue-jay, having screeched its warning, will grow silent; making mountains of mystery out of molehills in the finding of a berry on a tree that is bending low with them. The red squirrel will stop its explosive scolding, cease to move like a galvanic rabbit at a sideshow, and soon will be chirr-ing contentedly, as, one by one, it lifts the seed covers from a pilfered cone. The white butterflies will take wing once more, climbing in dizzy spirals to the topmost branches of the firs. The chickadees will come tumbling down the lesser branches of a cedar, like rachet toys, now right side up, now upside down, upon a gaudy-colored stick. Restored to silence, the rivulet begins its laughing song once more, gurgling around the nut-brown pebbles, chuckling by the sleepy heads of trailing ferns, finding a thousand little bells and striking out their peals of tinkling notes. The deep moss seems to breathe, as if the balsam-laden air was magic to its unseen lungs. The bracken stirs and waves its standing fronds, as though impatiently it brushed away a spider with its clinging silken bonds. Great of voice, a tree frog seems to bellow in the surrounding stillness; a megaphone within the space that might contain a common garden pea. Like flying question marks, the whisky-jac' inspect the vast domain. It is a fable-making world, indeed. There solitude can find a theme that lives beyond a single day.

* * *

By night it is a world of purest magic. The stars are hung like winking, colored lanterns in the blue-black velvet sky. The stream-let chuckles, having trapped the image of a mighty star. The trees, in deepest black, are stalwart sentinels inked in against the moon-lit surface of a pool of quicksilver. A screech owl cackles, like a boarding house comedian. The forest floor has come to life. A passing doe displodges stones, that rattle down into the rivul t with tinkling little splashes. The barred-face 'coon emerges from a hollow bole, to test the night-time air. Wood mice scamper like a noisy class of boys let loose from kindergarten. Somewhere along the bank, a birth blind mole has burrowed to the surface, pushing blackened ooze above the level of its fresh-cut gallery. The waving ferns are seen in silhouette against the moon-bright pond. Overhead, the velvet vault of night is slowly turning. The moon, in lacy clouds, strides up the hill. The shadows change, reform, and alter, setting many a grotesque scene. The dew is shining in diamond drops on every leaf, beading it with light. The tree tops swing through constellation after constellation, knowing nothing of the light years such a journey would entail in space. And now the low-hung clouds are drifting inland from the ocean. Their silvered fringes set the stiff-ranked trees to marching down the hill, marching rank on rank, but never moving, save to the imperfect human eye. Solitude is broken by the little noises of the forest, that swell into an endless, restless rustle. Only out beyond the marching tree tops, space lies cold and silent, ordered in its seeming journey round about the pale north star. Man, now, is the intruder. The forest is awake and wants his absence. Bit by bit, the dwellers of the woods withdraw, until a little pool of silence spreads about his feet. Only the chuckling stream flows by, catching the image of the stars, and laughing softly, as if it shared an age-old secret with the beaded lamps of night. There are many worlds. That of the forest is strangely beautiful.

FROM ISBEN'S "BRAND"

Ask ye how long shall last this strife?
On to the very end of life:
Till you have offered all you prize,
And freed yourself from compromise,
With all its futile pacts until
You gain the mastery of your will:
Till every coward doubt shall fall
Before the summons—Nought or All!
Your loss? The idols you have known,
The halfway spirit you enthrone,
Each glittering gilded chain that binds
Down to the earth your servile minds,
And every pillow that you keep
To lull your lethargy to sleep!
Your gains? A will that's clean and whole,
Winged faith and unity of soul:
That discipline which gladly gave
Its sacrifice to death and grave,
A crown of thorns for each shall be
The guerdon of your victory!

B.C. SPEEDS UP MILK CANNING

Increased Orders From Empire Sources Helping Industry on Mainland

British Columbia manufactured milk products are feeling the stimulus of war orders in the United Kingdom and elsewhere, E. G. Rowebottom, deputy minister of trade and industry, intimated yesterday. Large orders have been received for evaporated milk and other products that can be stored indefinitely.

Mainland dairymen, operating through Fraser Valley associations, have increased production, with some plants operating at capacity as a result of orders received this year.

Consistently heavy orders have been placed in Canada for evaporated milk, British Columbia producers receiving a substantial share of this business, Mr. Rowebottom said.

Glancing Over Sport

Remember Pat Willcox, the Iowa golf professional, who shot the only hole-in-one in the last United States national open tournament at the Canterbury course in Cleveland? Well, the other day, he was heard from again when he went out and blasted par to pieces at the Charles City links and he came home with a 60 for the par 70 layout. Just to give you an example of what kind of golf he was firing over the fairways, it was like going out to Colwood and doing the same thing. Imagine anybody making Colwood in sixty blows . . . Joe Louis, the current heavyweight boxing king, doesn't do the National Boxing Association any good, but more harm than anything else. He has knocked over four of the N.B.A.'s ten ranking heavies in a very short time. He could take the whole ten of them inside of a month if the moguls would let him go to it . . . If it is not one Wenman it's the other in local cricket circles. Last week it was Godfrey. All he did for the Incogs was to score sixty-eight runs and capture seven wickets with his fast bowling for the grand total of seventeen runs. It was one time that Godfrey stole the spotlight from his brother, Reg, probably the finest all-round cricketer on Dominion soil . . . I will take Al Hostak to knock out Tony Zale inside of five rounds in Seattle next Friday night in their middleweight title fight.—J.D.

Didn't Like Treatment

From Vancouver comes the story of a little evacuee who appeared a bit grubby behind the ears and had to be scrubbed three times before the pink skin showed. "What do you fink I am? A bloomin' duck?" the child complained . . . It begins to look as though a holiday in the United States will be impossible this year. A Canadian is forbidden to take out more than $25 without a special permit from a bank, and must carry a form certifying that whatever money he does have on his person has been released by the Foreign Exchange Control Board, and such a form is not issued for pleasure trips. An unofficial no man's land has been established between the Canadian and United States customs offices at Blaine where persons from both sides of the line may get together for a chat . . . Wonder what has become of the moral rearmament movement?

Headline in a Manilla newspaper, "Germany Conquering Herself to Death." We fervently hope so . . . While the navigating officer of a British submarine was "taking the sun" with his sextant on deck, the commander was forced to crash dive. The sub shot under the water. A few seconds later the commander noticed some strange blobs through the periscope. He turned to the navigating officer, but found him missing, so the sub resurfaced. The navigator was found clinging to the periscope with one hand. With the other he was holding his Government sextant, valued at $35, out of the water.—G.B.

HONEYMOON ISLAND

An island off the Florida coast has been turned into a honeymoon resort. Each pair of lovebirds have a palm-thatched cottage to themselves. But they can't stay more than a fortnight.

Still, that's as long as some American marriages last.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of July 15, 1890.)

Water Works—The plans for bringing new water for the city from Elk Lake are, the water commissioners say, practically completed now, but the auditors' report shows there are no funds on hand to complete the work. The plans for the new filter beds are also well under way.

Watch for Vessel—All yesterday a keen look-out for the Warspite was kept by the fleet at Esquimalt. The salute to the new admiral will be thirteen guns from the Champion, now the senior ship, to which the Warspite replies with seven. The position of rear admiral entitles a salute of eleven guns, and that of commander-in-chief to an additional two.

Struck Salt Water—Mr. Davis, who has charge of the coal boring operations near Kanaka Creek, Maple Ridge, met with a surprise a few days ago which will interfere somewhat with the work. The drill had got down to a depth of 150 feet when suddenly a salt water spring was tapped, and in a few moments a stream of water was shooting into the air fully thirty feet above the surface. This, of course, put an end to the work, and Mr. Davis is waiting to see if the spring will exhaust itself before removing the plant to another location.—Columbian.

Batista Wins Presidential Race in Cuba

HAVANA, July 15 (AP).—Presidential candidate Colonel Fulgencio Batista, and all six of his coalition candidates for provincial governors appeared victorious tonight.

Returns from 2,978 of Cuba's 5,590 precincts in Sunday's election gave Batista 447,954 votes to 278,328 for his opponent, Dr. Ramon Grau San Martin. On these returns, Batista appeared to have won in all six of the provinces.

ARE PACKED FOR SPECIAL SHOWS

Continued from Page 1

Representatives of banks and bond houses stood in the lobbies of the theatres selling additional stamps and complete certificates. Many persons who bought admission stamps going in, bought more as they came out, enough to purchase a whole certificate. Others bought more than they needed to get into the show.

Earlier in the day some persons called at various theatres and purchased stamps, not with the intention of taking in the performance, but to give away to others.

Special speakers, including F. A. Winslow, George Macdonald, W. T. Straith, M.P.P., and Percy Richards, visited the various theatres and spoke briefly in urging Victorians to buy "Lick Hitler" stamps at every possible opportunity.

NANAIMO, July 15.—Hon. G. S. Pearson, guest speaker, purchased the remaining $5 of war stamps at the Capitol Theatre performance tonight, which brought the grand total to $1,500. The Legion Orchestra, playing an English folk song medley, and Dunsmuir's Male Voice Choir, singing "There'll Always Be an England," were received with applause. In his address, Mr. Pearson, who was introduced by Mayor V. B. Harrison, stressed the importance of everyone giving according to their means. He felt satisfied every Canadian citizen felt that it was "our war," and, knowing the British spirit and the cause at stake, he felt certain victory would be the ultimate outcome.

THOUSANDS TURNED AWAY

VANCOUVER, July 15 (CP).—Vancouver showgoers jammed every downtown and suburban theatre to the doors and thousands were turned away tonight, the special theatre night of the Canadian motion picture industry's "win the war" campaign for $1,000,000.

An official of the motion picture industry here said 25,000 persons were turned away from downtown theatres and hundreds were unable to find accommodation in jammed suburban playhouses.

Every theatre was filled to capacity less than half an hour after the doors opened, the official said, and added the industry should easily reach its $1,000,000 objective.

Anna Neagle, British film star, and her director-producer husband, Herbert Wilcox, made personal appearances at more than a dozen theatres, escorted through the city by Mayor Lyle Telford, Larry Bearg, chairman of Famous Players Corporation in British Columbia, and a motorcycle police squad.

Several theatres set up chairs in the aisles. People lined up outside for an hour waiting the opening of downtown theatres.

STANDING ROOM ONLY

TORONTO, July 15 (CP).—Movie houses across Canada had "standing room only" signs up tonight as more than 500,000 patriotic patrons participated in the motion picture industry's win-the-war campaign.

Reports to campaign headquarters in Toronto indicated sellout houses everywhere from Halifax to Vancouver. Citizens trooped to box offices to buy a minimum of two 25-cent war savings stamps to gain admission to special shows and, incidentally, to "lick Hitler" and add impetus to the Dominion's stamp-selling drive. The stamps become the property of the buyer and are redeemable.

Conservative estimates were that at least $500,000 would go to the national war chest as a result of the campaign. Some enterprising theatre managers sold advertising space on their marquees and added the proceeds to the fund.

Organizations in many cities bought out the entire house. In Calgary the Shriners took the whole quota of war savings stamps and box seats in the theatre went to purchasers of $50 worth. An ex-mayor of St. Thomas, Ont., bought stamps representing 400 admissions and gave them to needy children.

SERVE IN STRIKING WAY

Defence Minister J. L. Ralston said of the movie night campaign he was sure it would "serve in a striking way to focus attention" on the Dominion's buy-a-stamp campaign.

Toronto theatre officials estimated at least $40,000 worth of war stamps was sold in seventy city theatres.

A Kitchener theatre had sales of $8,000 and a special show put on at Kleinburg resulted in the sale of $4,000 worth of stamps.

At Saint John an estimate that purchases of war savings stamps as admission to special shows in New Brunswick theatres probably amounted to about $20,000, was made by J. Gilmour Armstrong, chairman of a provincial committee in charge of the campaign. One theatre raised $12,000, the largest amount realized by any theatre in New Brunswick.

More than 7,000 Quebec city movie fans packed theatres and contributed $7,892.

Reports from the eleven movie theatres in Quebec showed that the majority were packed to capacity with many turning patrons away.

FIVE BUY $500 CERTIFICATES

EDMONTON, July 15 (CP).—Five Edmonton citizens tonight purchased $500 war savings certificates as their admission to a "stamp out Hitler" show here. J. Lieberman, theatre manager, said.

Sellouts were reported at all ten picture houses here with between 9,000 and 10,000 in all attending. Between 400 and 500 bought $5 certificates as their admission at one of the neighborhood theatres.

OTTAWA, July 15 (CP).—Hon. J. L. Ilsley, Finance Minister, said tonight the response of the Canadian people in buying war savings stamps and certificates has been more than gratifying.

The Minister took time out from his duties in the House of Commons where he is piloting through the budget resolutions, to attend a performance in the motion picture industry's win-the-war campaign. At the performance persons were admitted free who purchased two 25-cent war savings stamps at the box office.

Maureen O'Sullivan, motion picture actress, and wife of Lieut. J. B. Farrow, director of naval information for Canada, also spoke in behalf of the campaign.

OVERRUN ESTIMATES

"The sale of certificates has overrun our estimates," said Mr. Ilsley. "We expected $1,000,000 a week. We have received over $2,000,000. To the end of June (five weeks) more than 200,000 certificates had been issued with a face value of over $12,700,000."

Defence Minister Ralston, speaking at another theatre, said: "You can help Britain and Canada to remain free. Quarters will buy airplanes and ships, whose guns alone speak the language which Hitler and Mussolini understand."

Practically all of the sixteen theatres in Ottawa and Hull, across the Ottawa River from the Capital, were packed to capacity. Almost $20,000 war savings stamps and certificates were purchased. At one theatre alone receipts were estimated at $10,000.

RECTOR IMPRISONED FOR RINGING BELLS

LONDON, July 15 (CP).—Rev. R. G. C. Graham, rector of Old Bolingbroke, was sentenced today to four weeks' imprisonment for ringing church bells for Sunday service, June 16, in violation of a defence order that they be rung only to warn of invasion.

The rector pleaded ignorance of the order.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

To find the depth of water on the sill at the Esquimalt Drydock at any tide, add 30 feet to the height of high water as above given.

"East opened the club jack and the contract was defeated. The questions at issue are:

"1. Was the bidding correct?

"2. Would the six spade contract probably have been made by the average good player against players of the same rank sitting East and West?

"3. Would the contract probably have been made by an expert player against expert players sitting East and West? D. G. F., Iowa."

1. North bid vigorously, but the six spade contract itself was certainly justified.

2. I seriously doubt that the contract would have been fulfilled by an average player.

3. This is a tougher question to an answer, for the following reasons.

The club king wins the opening lead and declarer may as well lay down the spade king to see how the wind blows. When he discovers all five missing trumps in West's hand it is obvious that heroic measures will be required to take twelve tricks.

At the second trick declarer should try out the diamond finesse. It loses to West and now, whether or not the contract can be made depends entirely on West's return. For the moment let us suppose that he exits with a club (a heart or a spade would come out the same). Dummy wins while declarer discards a heart. Now it is obvious declarer cannot afford to ruff a diamond in dummy because, even if such a ruff could be negotiated, declarer then would be unable to return to his own hand except by ruffing a club or a heart—and to shorten himself would be fatal. Since at this stage declarer has a losing diamond, the only chance is to play for a squeeze. He cashes dummy's other trump honor, then leads the spade four to his own hand and runs off trumps. With one trump left to play, this position is reached:

NORTH

♥ 7 4
♦ A Q 4

The spade queen draws West's last trump, while dummy discards a club and East a heart. Now the cashing of the ace and king of hearts squeezes East mercilessly. On the latter trick, if he lets go a diamond, declarer's three diamonds become good; if East discards the club queen dummy's club four is high and declarer needs only the ace and queen of diamonds.

Unfortunately, this squeeze can be broken up by a very fine defence on West's part. At the point where he is given the diamond king, the immediate return of the diamond ten will prematurely remove declarer's entry and will take all pressure off East.

Whether an expert in the West position would have the vision for this diamond return, or whether an expert declarer would successfully execute the squeeze if that return was not made, are questions that I am not prepared to answer.

Two Italian Ships Damaged by British In Indecisive Brush

More Details of Battle in Mediterranean Last Week Made Public by Admiralty—Three Casualties Caused by Bomb Splinters

LONDON, July 15 (CP).—The Royal Navy damaged an Italian battleship and a cruiser and destroyed five planes in the pursuit of a heavy Italian squadron in last Tuesday's Central Mediterranean battle, the Admiralty announced tonight. The cost to Britain was three men.

Its communique, amplifying previous accounts, said the Italian forces comprised two battleships, a large number of heavy cruisers and twenty-five destroyers, all of which fled as soon as they came within extreme range.

The battleships exchanged a few salvos, with the British inflicting one hit. British Swordfish planes (torpedo carriers) hit an Italian cruiser, and pursuit planes downed five Fascist fighters.

WAITS IN VAIN

Then, in sight of land, the British squadron stood offshore the rest of the day, waiting in vain for the Italians to come out and fight.

Finally, they returned to their duties as a convoy for ships which "have now arrived at their destination in safety."

The statement follows:

"Fuller information is now available of recent operations in the Mediterranean.

"Reports received during the morning of July 9 established that the enemy force consisted of two battleships, a large number of cruisers, among which were eight-inch gun cruisers, and approximately twenty-five destroyers.

DEVELOPS INTO CHASE

"In the early afternoon contact was made by a squadron of British light cruisers with the enemy cruiser force, which retired immediately on coming within extreme range of our supporting battleships. From this point the action developed into a chase.

"A few salvos were exchanged between the battleships and one hit with a fifteen-inch shell was observed on one of the Italian battleships before the enemy force escaped through a smoke screen laid by their destroyers.

"The destroyers also retired at full speed through the smoke screen before our light forces could close the range sufficiently to damage them.

ENEMY CRUISER HIT

"Swordfish aircraft of the fleet air arm forced home an attack in the face of heavy anti-aircraft fire and scored a hit on an enemy cruiser.

"The enemy was pursued until the British fleet was in sight of land, and though our forces remained to offer battle until the evening, despite a succession of bombing attacks by large forces of Italian aircraft, the enemy did not offer to renew the action.

"When it became evident that the enemy had no further intention of joining battle, our forces continued their operations. The British convoys to which they were acting as a covering force have now arrived at their destination in safety.

"During this latter phase our ships were repeatedly attacked by aircraft and three casualties to personnel were caused by bomb splinters from near misses.

NO OTHER CASUALTIES

"No other casualties were suffered during these attacks by aircraft or during the brief fleet action, nor were any hits made by the enemy by bomb or gunfire.

"Five enemy aircraft were shot down by fighters of the fleet air arm.

"The next of kin of the three casualties have been informed.

"As announced on July 10, another British force, which included H.M.S. Hood (battle cruiser) and H.M.S. Ark Royal (aircraft carrier), had been carrying out a sweep in the Western Mediterranean. No enemy surface craft were met, but sustained bombing attacks were encountered.

"As already stated, no casualties to personnel or damage to this force was caused by enemy aircraft, of which four were destroyed and seven others damaged."

Disastrous Fire in Ontario Town

The main business block of Pakenham, Ontario, was destroyed by fire which broke out in the early morning and caused damage estimated at $100,000. Four stores and three dwellings were razed before the blaze could be brought under control. Above are the charred remains of the Cox store, a landmark in Pakenham for over eighty years.

IS RE-ELECTED PRESIDENT

Fred Wright Continues as Head of Arion Club—Plan Celebration

FRED WRIGHT

Fred Wright was last night re-elected president of the Arion Club, which held its annual meeting in the clubrooms, Government Street. Other officers were elected as follows:

Vice-president, Owen Smyth; conductor emeritus, Herbert Kent; honorary conductor, P. H. Hughes; honorary assistant conductor, B. C. Bracewell; honorary secretary, J. Walton; financial secretary, M. Chandler; treasurer, W. Lyle; librarian, J. O'Connor; assistant librarian, W. Symons; auditor, H. A. Cox; music committee, W. G. Frampton and T. S. Whittemore; management committee, T. Kelway, J. Simpson and C. L. Wilson; press representative, Herbert Kent.

TRIBUTE IS PAID

The president's report for the past year opened with a tribute to the late conductor, W. C. Fyfe, with the comment that he would be missed not only by the choirs with which he was associated, but also by the musical public of the city in general. The season had seen many changes. Members had been lost to His Majesty's forces, but members of the former Victoria Male Choir had made a valuable addition to the club.

Besides the two regular concerts there had been concerts at Cobble Hill, Otter Point, and assistance had been given in church parade at Work Point. The president thanked the assistant conductor, Phil Hughes, who had taken over the club in the middle of the season; and reminded members that the forty-ninth season, beginning in the Fall, must be particularly active, with regular attendance, in order to build up a really first-class choir for the banner fiftieth season.

ASSETS ON HAND

The treasurer's report showed finances to be in satisfactory condition, with about $900 in assets on hand.

The conductor, Mr. Hughes, made some very valuable suggestions which the club endorsed.

The formal part of the proceedings over, the members sang with gusto "for He's a Jolly Good Fellow," in extending congratulations to their conductor emeritus, Herbert Kent, charter member, who last Saturday celebrated his seventy-eighth birthday. Mr. Kent responded in happy vein, and entertained the members with a racy ten-minute talk on the early history of the Arion Club and some of its personalities and programmes.

The incoming committee was specially asked last night to take steps to arrange a special programme in connection with the fiftieth anniversary of the club in two years' time.

SCHOOL TRUSTEES MEET AT GANGES

Board Secretary Presents Annual Report Reviewing Activities for 1939—School Debt Free

SALT SPRING ISLAND, July 15.—The annual meeting of the new Consolidated School on Salt Spring Island was held on Saturday evening at Ganges. E. Parsons presided and there was a good attendance of Island residents.

Gavin C. Mouat, secretary of the board, read the following report: "During the school year your trustees have held thirteen meetings as well as numerous consultations. At the beginning of the school year, we had to organize a building programme for the new school and plan the finances of the same. After due considerations it was decided to undertake the construction of the building and work was got underway towards the end of July, and was completed on April 1, and is entirely free from debt.

"The trustees wish to record their sincere thanks and appreciation for the co-operation received from the Hon. Dr. G. M. Weir, Minister of Education; Hon. G. S. Pearson, Minister of Labor, and Dr. S. J. Willis, deputy minister and superintendent of education, and the long list of generous donors of labor, cash and material, without which the result could not have been obtained.

"At Burgoyne Bay it is intended to maintain a school for pupils in grades from one to six inclusive. Transportation will be provided as required and for this purpose a new school bus, with seating capacity for thirty, has been ordered and will be completed and received in time for the commencement, September 1.

DONATION RECEIVED

"During the year a cheque for $50 was received from the ladies of the Guild of Sunshine for the purchase of special equipment for the beginners' room; this matter is having the attention of the trustees. The financial report showed a balance of cash on hand, $878.39, which amount will go towards operating expenses for next year.

"During the past month the Divide School property has been sold and the Ganges Elementary, North Vesuvius and Vesuvius properties are still for sale. Our estimates of expenditure have been carefully considered and we recommend an assessment of $4,250 be made, which is the same as last year and will result in a tax rate of six mills."

The three retiring trustees, Mrs. W. H. Lee, Mr. E. Parsons and Mr. V. Case Morris, were re-elected for a further term of two years.

BRITAIN PROVED NO BELEAGURED ISLAND

LONDON, July 15 (CP).—Increased British exports to the United States were cited today as proof that Britain is "not a beleaguered island." Sir Cecil Weir, chairman of the overseas committee of the association of British Chambers of Commerce, said Scotch whisky shipments doubled in May and carpets were up 60 per cent. Woolen goods, toys, fabrics and leatherware also increased.

YACHT RACES SUNDAY

It was non-boat owners' day at the Royal Victoria Yacht Club on Sunday last. All classes were eligible for the events. The races started at 3 p.m., and the winners were: Stars, Ripples; dinghies, Penguin; "C" class, Shangri-la; and snipes, Ishkoodah.

DOLLS DONATED FOR CHINA AID

Monthly Shipment of Medical Supplies Goes Forward to Help Refugees

At a recent meeting of the executive of the Committee for Medical Aid for China, it was reported that two expuisitively dressed dolls had been donated anonymously to be sold to help Chinese refugees. It is planned shortly to display them in the windows of the committee rooms, where tickets will be on sale.

The usual monthly shipment, which contains contributions from Sidney and Vernon units, is going forward this week. The sum of $200 to purchase medical supplies and food for war orphans and other refugees, six cases of bandages, dressings and hospital sundries, blankets and three cases of clothing are being sent to the China Defence League. The committee has decided to discontinue the shipment of clothes, with the exception of new or almost-new articles suitable for use in hospitals, since freight charges are now prohibitive for used clothing.

The thanks of the committee are extended to their many friends, including those who are anonymous, who are so consistently supporting them in these difficult times.

CONTRACT LET FOR SURFACING

Carter, Halls & Aldinger Successful Bidders on Cobble Hill Road

Three bids were received by the Provincial Department of Public Works yesterday for surfacing four miles of the Island Highway system at the Cobble Hill diversion. Tenders were opened by Hon. C. S. Leary, and announced as follows:

Carter, Halls & Aldinger, $14,511; General Construction Company Ltd., $15,157; and Columbia Bitulithic Ltd., $15,692. Contract was awarded almost immediately to Carter, Halls & Aldinger, the lowest bidder. The work will begin at once.

Elsewhere on Vancouver Island, the Department is proceeding with incidental bridge replacement, and ordinary road maintenance work.

OLD RESIDENT OF VICTORIA PASSES

Pioneer Church Worker Dies After Lengthy Illness—Lived Here Sixty-Five Years

A resident of Victoria for sixty-five years, Mrs. Eliza Hall, widow of Frederick James Hall, died at her home, 980 Heywood Avenue, on Sunday morning after an illness of over two months.

Born in Ottawa eighty-seven years ago, Mrs. Hall came to Victoria when she was but twenty-two years of age. She is survived by one son, George H. Hall, and one daughter, Mrs. Charles E. Ray, both of Victoria; and also by one grandson, two granddaughters, and three great-granddaughters.

An ardent church worker, Mrs. Hall had been connected with the Metropolitan Church since its inception.

Funeral services will be held this afternoon at 2:30 o'clock at Sands Mortuary Chapel, Rev. W. J. Sipprell, D.D., officiating. Interment will be made in Ross Bay Cemetery.

COBBLE HILL BOARD NAMES TRUSTEES AT DISTRICT MEETING

COBBLE HILL, July 15.—The annual school meeting of Cobble Hill High School district was held in the school house on Saturday. Andrew Motherwell was in the chair, and two trustees elected, John S. R. Green, for three years, in place of Mrs. E. D. Hunt, retired; and Mrs. B. A. McMillan, for one year, in place of R. Easton, resigned. I. Allen was elected as auditor.

Estimates for the school year 1940-41 included $2,995.63, to be raised by assessment, and $1,400 for tuition fees for 1940-41 at $50 per year. Any pupil delinquent in last year's tuition fees will not be allowed tuition this year unless the old balance is paid or a promissory note given for any balance, payable in monthly installments. The principal's and the assistant high school teacher's salaries will be raised $50 per year, providing the twelfth grade examinations of this year show a pass list of at least 25 per cent. The services of the Vancouver Island Union District Library are to be discontinued, and the assessor was notified. After the meeting the board appointed Mrs. E. D. Hunt as secretary.

Rock Slides and Washouts Delay Canadian Trains

WINNIPEG, July 15 (CP).—Railway officials here today reported both Canadian National and Canadian Pacific trains delayed several hours by landslides in the Canadian Rockies. The slides were caused by heavy rains.

Officials said tracks were blocked in several places along the Fraser Valley, and that sections of track west of Kamloops had been washed out. No serious damage was reported.

Trains arriving here today from the West were as many as seven and nine hours late.

UNIFORMED MEN ENJOY OUTING

Y.M.C.A. Provides Sunday Excursion for Soldiers In Barracks

Two outings were enjoyed by the men at Work Point and Macaulay Point on Sunday when trips were arranged by the Y.M.C.A. Private cars were loaned for the afternoon by different individuals in the city.

The first trip of eighty men left for Cordova Bay at 2:30 p.m., where the ladies of Chapter E and K, of the P.E.O. Sisterhood, provided supper and entertainment at the Summer homes of Dr. and Mrs. C. N. Westwood, and Mr. and Mrs. H. Dentoh.

The second of the afternoon's trips of forty men left for the Y.W.C.A., where they were entertained by the young ladies' club there. Supper and a musical programme were provided. All arrangements were in the hands of Mr. and Mrs. J. Herdman.

Will Open Recruiting For a Militia Unit of 13th Field Ambulance

Men for Part-Time Military Training, Ages Nineteen to Forty-Five, Wanted—C.A.S.F. Units Nearly Full—Forestry Recruits Respond

RECRUITING for a Non-Permanent Active Militia unit of the 13th Field Ambulance, R.C.A.M.C., C.A.S.F., for part-time training under the N.P.A.M. plan, will open today at the Bay Street Armoury, it was announced by military headquarters here yesterday.

Men nineteen to forty-five years of age, "A," "B" or "C" categories, are wanted, and will undergo week-night training and spend thirty days in camp, at the regular rates of pay. Lieut.-Col. Gordon C. Kenning, officer commanding the 13th Field Ambulance, will be in charge of recruiting.

The 13th Field Ambulance stems from the Great War, and since that time has won a notable record in field ambulance militia training. The unit won the Ryerson Cup last year, emblematic of the most efficient ambulance unit in the militia forces of Canada. It is slated to go overseas with the 3rd Canadian Division.

Applicants for enlistment in the new militia unit will be accepted each day between the hours of 9 a.m. and 9 p.m. One hundred and sixty-five men are wanted to complete the unit.

NEAR FULL STRENGTH

The response for active service enlistment has been so good that most units are nearly up to full strength, Lieut.-Col. H. E. Goodman, recruiting officer for M.D. No. 11, said yesterday, and authorities are now concentrating on enlistments in the N.P.A.M. units.

Ranks of the 2nd Battalion, The Canadian Scottish Regiment, C.A.S.F., are nearly full, and it anticipated that by the end of this week a full complement of men will have been recruited. The 1st Battalion, a Third Overseas Division unit, was filled a week ago, and recruiting will begin shortly for the 3rd Battalion, an N.P.A.M. unit.

FORESTRY CORPS

A steady stream of qualified applicants attended the Bay Street Armoury yesterday as recruiting began for No. 6 Company of the Canadian Forestry Corps, under Major A. E. Parlow. Enlistment in the company is open to skilled loggers and allied tradesmen, such as millwrights, sawyers, saw filers, drivers and motor mechanics, and 195 men are wanted, "A" category only.

Major Parlow expressed satisfaction with the response of this class of recruit yesterday, and said those who had applied represented a fine type of men. Applicants came from all over the Island, and there were even one or two from the Mainland.

Recruiting for the Forestry Corps will continue today, after which Major Parlow will go to Vancouver, Kamloops and Kelowna, in search of more men for the company, which will be a British Columbia unit. He will return here on Sunday.

MOTORCYCLE REGIMENT

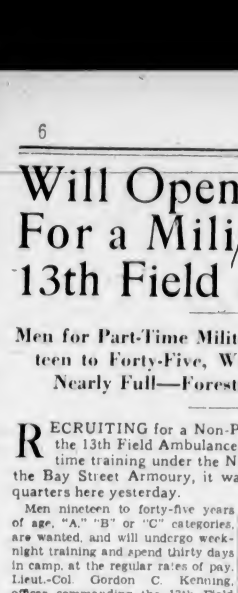

Completing arrangements for the formation of the 5th Canadian Motorcycle Regiment, C.A.S.F., Lieut.-Col. G. C. Oswell, who will command the regiment, was in Victoria yesterday preparatory to launching a province-wide drive for 450 motorcyclists, who must be category "A" men.

He said that applicants for enlistment will be taken at the Bay Street Armoury, where men will be medically boarded and attested before going on to the Mainland to join the regiment. Squadron headquarters will be at Vernon, Kelowna and Penticton, but applications may be made at any recruiting office throughout the province.

Preference will be given to men who have experience with motorcycles, although some tyros will be accepted and given complete training. While all arrangements regarding camp and equipment have not yet been completed, it is expected that by the end of the month everything will be in full swing.

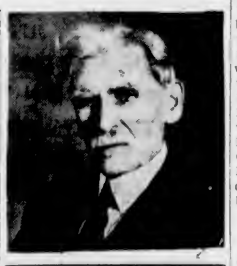

Offers of co-operation on the part of employers in connection with the training of men under the militia and military training schemes were made to local military authorities it was learned yesterday. A. J. Watson, manager of the Hudson's Bay Company; H. J. Pendray, of Bapco Paints, and J. M. Lackie, of the Empire Stevedoring Company, representing the longshoremen of the district, have notified authorities that they will arrange to release men for training and will co-operate in every way to suit working times to the needs of the general military schemes.

Military authorities here expressed appreciation of these offers of co-operation, and voiced confidence that this example would be followed by other employers in the district.

VICTORIAN CAN'T PRAISE MOSBY'S TONIC ENOUGH! SAYS "I FEEL FINE NOW"

"Oh! How I've Changed," Says Mr. Hauck, of Douglas St.—Had Distress With Sour Stomach, Gas Bloating and Worn-Out Feelings—Now His Suffering Is Relieved and He Says: "I Feel Fine Again! It's a Splendid Medicine!"

MR. GUS HAUCK, of Douglas St., Victoria, Who Says: "Just 3 Bottles of MOSBY'S TONIC Gave Me Splendid Relief From Years of Suffering. I Gladly Endorse This Medicine to ALL."

Sincere Statements—from many parts of this city and general section—praising and endorsing MOSBY'S TONIC, continue to pour in daily to the Cunningham Drug Store, Fort and Douglas Streets, Victoria, where this "New Mixture of Roots and Herbs and Other Splendid Medicinal Agents," is being introduced and explained to the local public.

For instance, just a few days ago, the following Sincere Statement, describing what MOSBY'S TONIC can do in certain forms of suffering, was received from Mr. Gus Hauck, of 308 Douglas St., Victoria. Read this well-known man's Grateful Statement, which follows:

Had Years of Distress With Upset Stomach

"The last few years had surely been a period of real suffering for me," said Mr. Hauck. "I guess I suffered about as much distress with an upset stomach during that period as anybody ever did. No matter what I ate my food would not agree with me, but just laid in my stomach in a mass of bloat, and turned sour and swelled me up with gas. I had a sour taste in my mouth all the time from upset stomach. Couldn't sleep right due to this stomach condition, and what sleep I did get didn't rest me properly, and I always got up in the morning feeling as tired out as when I went to bed. In fact, I nearly always felt worn out and weak from lack of energy.

Now Describes Change Mosby's Tonic Made

"So you can see that I certainly was a distressful person if there ever was one, and the worst thing was that it looked like I couldn't get any relief, as all the medicines I tried failed me, but finally I found Mosby's Tonic, and it was JUST WHAT I NEEDED. Oh! how I have changed! Now my meals agree with me, and I don't have that full, bloated feeling after eating or any gas or sourness, and can go to bed and sleep all night and get up in the morning feeling fresh and fine. I have lots of new energy and never feel worn out like I used to. Just 3 bottles of Mosby's Tonic gave me all this Excellent Relief, and I am certainly thankful and gladly endorse this Splendid Medicine TO ALL."

Acts on Bowels, Stomach; Helps You in General

MOSBY'S TONIC acts in several ways at one and the same time. That is, it contains 20 Ingredients, including 15 Roots and Herbs. So it helps you IN GENERAL. It cleanses the bowels and clears gas and bloat from stomach. It enlivens the liver, cleans sickening bile from the system, and relieves billiousness, sick headache and yellowish "muddy" complexion. It invigorates the kidney action and relieves night rising and backache. Weak, rundown people soon feel like different men and women.

Another thing—due to the immense volume in which it sells, the price of Mosby's Tonic is reasonable. It is within the reach OF ALL! In fact, you can actually take this Splendid Formula for just a few cents per day. So don't hesitate. Get Mosby's Tonic—NOW—and start taking it!

MOSBY'S TONIC is sold in Victoria at The CUNNINGHAM DRUG STORE, Fort and Douglas Sts., and also sold by all Leading Druggists throughout Victoria and Vancouver Island. (Advt.)

RED CROSS

COLUMBA UNIT

The Columba Unit of the Red Cross will hold a garden party at the home of Mr. and Mrs. C. Munro, west end of Tulip Ave., off Grange Road, tomorrow afternoon. Miss Fitz Gibbon, of the Victoria Branch of the Red Cross Society, will open the party at 3 o'clock. Tea will be served and there will be home-cooking and fancywork stalls, as well as a variety of amusements. The pupils of Miss Gwen Dewar will give several dances on the lawn. In case of wet weather, the party will be held in the Marigold Hall. All residents of the district are cordially invited to attend, as the proceeds are entirely in aid of the Red Cross funds. Columba Unit is attached to St. Columba's Church, Strawberry Vale, off Burnside Road.

SHAWNIGAN UNIT

The gratifying sum of $225 was raised for the Red Cross on Friday evening at a successful old-time dance held in the S.L.A.A. Hall, under the auspices of the Shawnigan Lake Lumber Company. The lumber company defrayed all expenses so that the entire proceeds might be turned over to the worthy cause. The catering was largely donated by local firms and residents, and was undertaken by the Red Cross committee and workers, under the convenorship of Mrs. G. Orr. Assistance was lent at the wickets and doors by the hall directors and others. Prizes of war savings certificates were won by Mr. W. Watson and Mrs. B. R. Ciceri, in a contest. Other prizes won were donated by local merchants. A special prize in connection with the contest was won by Miss Marjorie Ross.

COBBLE HILL UNIT

A successful tea and sale of home cooking was held in aid of the Cobble Hill Unit on Friday afternoon at the home of Mrs. W. C. Campbell. The fete was organized by Miss May Campbell, ably assisted by Mrs. Campbell and Miss C. Bonner. Over $60 was realized. Prizes were won by Miss Essie Bell, Mr. T. P. Barry and Mr. W. May. A chicken donated by Mrs. B. A. McMillan was won by Mrs. Donald Alexander, who made the nearest guess as to its weight. Tea was served by the hostesses, assisted by the ladies of the committee.

City and District

Motorist Fined—A motorist drew a $10 fine yesterday morning in Esquimalt police court for exceeding the thirty-mile speed limit.

Machine Found—A delivery motorcycle stolen from W. J. Gawne was found on the rocks at the foot of Roberts Street on Sunday morning.

Car Located—An automobile stolen from Donald Paterson, 928 Bay Street, was found abandoned on Beach Drive Sunday morning.

Bruce, Huron, Grey Picnic—The Bruce, Huron and Grey Old Boys' Association picnic, postponed from last week owing to rain, will be held tomorrow at Mount Douglas Park.

Lights Smashed — Police discovered on Sunday morning that an unidentified automobile had smashed all the globes on a cluster light standard in front of the Venture Apartments on Pandora Avenue.

Is Remanded — Sidney Jory was remanded until July 22 in the city police court on a charge of unlawfully keeping beer for sale. Patrick J. Sinnott appeared for the accused in court yesterday.

Will Tour Seaboard—W. A. Macdonald, of the British Columbia Travel Bureau, left yesterday on a tour of Washington, Oregon and California in the interests of tourist travel. He will be away several weeks.

Woman Assaulted — An unidentified man grabbed Mrs. Dorothy Holmes, 507 Niagara Street, in the 400 block on Government Street and tried to snatch her purse early Sunday morning. Police combed the district without success.

War Fund Collection—The sum of $48.98 was collected at Sunday's band concert by Joe North and turned over to Alderman W. H. Davies to be included in the Citizens' Voluntary Subscription to War Fund.

Will Meet Tonight—The British-Israel Association will hold its usual public meeting tonight in the lower hall of the First Baptist Church. Rev. T. W. Fry will be the speaker, and his subject, "Satan, the Prince of This World."

Man Arrested Here—John Chilton was arrested yesterday afternoon by Detectives P. W. Richards and David Donaldson on a warrant issued under Defence of Canada Regulations. He will appear before Magistrate Henry C. Hall in the city police court this morning.

Sentence Held—Sentence was held until tomorrow in the city police court in the case of Roy W. Lindley, charged with creating a disturbance by fighting in the Hong Kong Cafe at 550 Fisgard Street on July 12. Lindley informed Magistrate Henry C. Hall that he intended to join the army.

Movie Star Here—Henry Fonda, well known movie star, and his wife visited Victoria Saturday night and stopped over at the Empress Hotel until the following morning, when they left for Campbell River to fish. They hoped to stay here for a few days on their return journey, before crossing over to the Mainland, en route to their home in Hollywood.

Building Society Meets — The semi-annual meeting of the Greater Victoria Building Society was held yesterday afternoon at 104 Union Building. A. E. Mallett, president, in the chair. Routine business was dealt with, and the financial statement, showing the society to be in a healthy condition, was presented and approved.

Crash Into Rock Cliff—The result of an accident Saturday night, Clifford Banner and Jack Clarke, both of Sooke, are in St. Joseph's Hospital today, Banner suffering from cuts and a fractured jaw, while Clarke is suffering from cuts only. They were injured when their car crashed into a rock cliff on the Malahat Road near The Lookout.

To Form Defence Corps—A meeting will be held at Alex's Hall, corner of Burnside Road and Wascana Street, tomorrow evening at 7:45 o'clock sharp, to form a Saanich volunteer home defence corps. All ex-servicemen and others interested are asked to attend. The chair will be taken by J. H. Miller, second class warrant officer, R.C.O.C.

Fifteen Fined—Ten motorists were each fined $2.50 in the city police court for parking over the hour limit. Two others each paid fines of $2.50 for failing to park within twelve inches of street curbs. One was fined $2.50 for parking in a prohibited area. One was fined $10 for exceeding the speed limit. Another paid a fine of $5 for failing to possess a driver's licence.

In Critical Condition—In a critical condition at the Jubilee Hospital, Jack Andrews, naval rating, is being attended by Dr. H. Swan, naval surgeon, for a fractured skull suffered in a fight at Yates and Broad Streets Saturday night. Cecil Williams, of the Irish Fusiliers, was taken into custody at Work Point Barracks yesterday morning by the city police, and is charged with inflicting grevious bodily harm on Andrews.

Rescues Another Girl — When eleven-year-old Betty Speirs, 812 Colville Road, heard a cry for help when bathing at the Gorge yesterday morning, she plunged in and swam to the rescue of another young girl of about her own age, it was reported yesterday. Although she only learned to swim last year, Betty managed to put her arm around the waist of the other girl and brought her safely ashore.

Tells of Trip — Harold Butterls, secretary of the Gyro Club, addressed the clubmen at the weekly luncheon at the Empress Hotel yesterday, describing his visit to Montreal recently, the first time he has returned to his home town in twenty years. He was most emphatic in declaring that Victoria was definitely the only place in which to live. Rev. W. J. Sipprell, D.D., spoke on the Silver Trail campaign, which has opened in the city recently.

Publicity for Victoria—The Christian Science Monitor, published at Boston, in its issue of July 1, devotes two full pages to the City of Victoria, setting forth its offerings to tourists and to homeseekers. The title line to one of the pages is: "Victoria: A City of Gardeners With a Traditional Background of the Sea." On another page, a large air-view illustration shows Victoria City and the Inner Harbor. The pages are also illustrated with a number of pictures of places of interest.

Word Is Awaited—Provincial departments were waiting word yesterday of the extent of the fire in the town of Zeballos, known to have damaged a theatre, one store and other premises. Communications were not immediately established. The Provincial Police boat P.M.L. 14, with radio apparatus, was fifty miles distant at Sidney Inlet, but was instructed to go to the scene. First direct word of the fire was taken by plane to Vancouver, where a Mainland post of the Provincial Police was advised. The P.M.L. 14 is expected to reach Zeballos overnight.

Say Many Eligible — Some 6,300 men in the Greater Victoria area may be eligible for call under Canada's compulsory military training plan, it was estimated yesterday by the Vital Statistics Branch of the Provincial Health Department. The estimate includes those between the ages of twenty and thirty-four, including many who have already joined the colors voluntarily. In British Columbia as a whole, some 93,800 men may be eligible, subject to their physical fitness, it was estimated. Over the week-end the branch waived the three-day notice rule for weddings, to enable those who had already arranged for marriage to come within a different category in the registrations. A number of licences were issued.

RATEPAYERS MEET

COLWOOD, July 15.—The annual general meeting of ratepayers of Colwood was held at the school on Saturday evening. H. G. Ridley was elected trustee for the three-year term and R. W. Robinson was re-appointed auditor.

INVITES BRITISH CHILDREN HERE

Heinz Company Will Take Care of Old Country Employees' Youngsters

LEAMINGTON, Ont., July 15.—Howard Heinz, president of H. J. Heinz Company of Canada, Limited, whose principal plant is at Leamington, Ontario, has just announced that he has issued an invitation to the employees of H. J. Heinz Co., Limited, in Great Britain, who number several thousands, to send their children to Canada and the United States for the duration of the war at the company's expense.

Mr. Heinz plans that so far as is possible these British children shall be cared for as war guests in the homes of the employees of the Canadian company, but that any who cannot so be placed in the Dominion shall be welcomed in the homes of Heinz employees in the United States. Mr. Heinz' plan is being enthusiastically endorsed and supported by the entire personnel of the company.

Mr. Heinz is a member of the United States Committee for the Care of European Children, of which Marshall Field is chairman.

Young Actors Present Play For Students

The Department of School and Community Drama, under its able director, was responsible for the brief but much-applauded 11 o'clock programme given for the Summer School of Education students at the High School yesterday morning. This was Beulah Marie Dix's one-act play, "The Hundredth Trick," which was presented for the express purpose of illustrating to teachers what High School students under skilled training and direction are capable of accomplishing.

The play had for setting the Elizabethan period in Ireland, the dialogue taking place in the headquarters of Lord Borlase, English deputy at Rock of Ballynore, Munster.

Four characters were presented: Robert, Lord of Borlase, played by William Inglis; Henry Stewkley, his cousin and ranking captain-lieutenant, played by Leslie Bennetts; Connacht O'Cahane ("Conn of the hundred tricks"), played by Carson Pecknold; and his young brother, Art O'Cahane, played by Adrian Pecknold. The little company acted with dignity and sincerity, and the moving climax was very feelingly presented by the Pecknold brothers, who sustained the slight Irish dialect with great consistency.

This morning's programme will be an illustrated lecture entitled "At Home in the Activity School," by Dr. Fay Adams.

Couple Wed Quietly at Cathedral

At the Bishop's Chapel, St. Andrew's Cathedral, on Sunday morning at 7 o'clock, the marriage took place quietly of Ruth Irene, daughter of Mr. H. W. Punt, New Westminster, and the late Mrs. Punt, and Mr. William I. Fletcher, third son of the late Mr. W. R. Fletcher and Mrs. Fletcher, Heywood Avenue, with Rev. Father R. J. Monahan officiating. Mr. Edward Bellis served the Nuptial Mass.

Wearing a smartly-tailored suit in pin-stripe air force blue, with rose accessories and a corsage bouquet of pink bridal roses and sweet peas, the pretty bride was attended by Miss Marion Bellis, Lumby, B.C., who wore a light suit with yellow accessories and a corsage bouquet of yellow carnations and sweet peas. The groom was supported by his brother, Mr. Roy A. Fletcher, Ladysmith.

Mr. and Mrs. Fletcher will make their home at 962 Heywood Avenue following a honeymoon trip Up-Island.

New Home for Service Men Is Dedicated

The dedication service of "Emmaus," the new home of the Soldiers, Airmen and Sailors' Christian Association, 2024 Belmont Avenue, took place on Sunday afternoon with Mr. J. S. Whiting, superintendent, making the dedication on behalf of the Army Scripture Readers and Soldiers, Airmen and Sailors' Christian Association, with headquarters in London. Mr. Percy Wills, Island commissioner of the Shantymen's Association, who will be in charge of the home, presided during the ceremony.

Appreciation of the men in the forces was expressed by Col. Lorne Ross, a veteran of the last war. Alderman Archie Wills, a veteran, represented the city and welcomed the men to the premises, which were dedicated to the service of God among the personnel of His Majesty's forces.

Dr. J. W. Hewitt offered prayers and Capt. R. Frewing, of the Salvation Army, read the Scripture. The dedication was arranged through the co-operation of the Canadian Branch depot of the parent society, with headquarters in Toronto, under the direction of Dr. R. V. Bingham.

HOW TO OVERCOME ITCHING PILES

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itchiness, soreness or painful passage of stool, is nature's warning, and proper treatment should be secured at once. For this purpose get from Modern Pharmacy or Cunningham Drug Stores, or any druggist, a package of Hemroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots. Hemroid is highly recommended, is easy to use, and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use may be had at such a reasonable cost. Noted Author Comes Here to Retire and Engage in Farming

Ralph Stock, English Playwright, Novelist and Traveler, After Five Times Round the Globe, Says Vancouver Island Most Ideal Place

IN his own words, "deservedly bounced from The Colonist twenty-five years ago" for over-confidence in his abilities as a reporter, Ralph Stock, who has since then become well known as author, journalist, sportsman and traveler, has returned "without malice" to Vancouver Island to retire in what he enthusiastically characterizes as "the old man's paradise."

"The Cruise of the Dream Ship," "Confessions of a Tenderfoot," "Recipe for Rubber," "Marama," "Uncharted Waters" are among some of this busy English author's publications, and among his best known plays are "Quest," "South of the Line" and "Always Afternoon." But he is, for the moment, a farmer-in-embryo, looking for two acres on which to build a modest house, where he and his wife can spend the remainder of their lives. Mrs. Stock, also, is a writer, her pen name being Elwin York. Incidentally, she is a descendant of the beautiful sixteenth-century Indian girl, Pocahontas, who married John Rolfe and in England became the rage of the court of the time. Despite the many generations that have come between, Mrs. Stock is supposed to resemble her famous ancestress.

LONDONER BORN

Born in London, Ralph Stock is the son of the an English publisher, Elliott Stock. Twenty-seven years ago he came to Canada, tried Prairie life, but didn't like the sub-zero temperatures, and pushed on to Vancouver Island. After his short-lived newspaper experience, he went to The Vancouver Province, still later taking on jobs in lumber camps, the Britannia copper mine, and various other occupations.

Life was still not sufficiently exciting, and he shipped for the South Sea Islands, which in later years furnished him with endless material for short stories and novels. From there he went on to Australia, where he had a pineapple farm, then a job on The Sydney Bulletin. Still later he took a cruise in an eight-ton boat to the South Seas, during this voyage being shipwrecked on Norfolk Island, where he was forced to remain for two months. When eventually he returned to Suva, he found that the war (1914) had been on for two months, and he hurried back to England to join up.

He was invalided out of the army in 1918, with captain's rank. In England he bought a Norwegian pilot cutter, and for about a year fished for a living. In this little sailing craft he made a voyage across the Atlantic to the Panama, thence to Australia, immortalized in his story of "The Cruise of the Dream Ship," now in Heinemann's perpetual library, and still selling well after twenty years.

BECOMES PLAYWRIGHT

In Australia he sold the boat, and, being very tired, went home "on the cushion." In England he took up playwriting, one of his most successful stories, "Quest," running for more than a year at the Criterion.

Somewhere in between these various experiences he had had his first introduction to Hollywood, making good contacts, which he followed up after he took up writing. He was in Hollywood during the economic crash of 1929; and again in 1937, when he remained for about a year working on dialogue for scrip, for RKO and Paramount. In the interim between these visits to Hollywood, he worked as a staff writer for Gaumont-British, where he met his future wife.

Last Summer, after their marriage, they went to the Riviera, intending to settle down there after taking a final holiday trip to America. They had just set out on this tour when the war broke out. Two days out from Southampton, the passengers were sitting in the saloon when a child, peeping from one of the portholes, called to her mother: "Come and look at the funny little boat." There was a concerted dash to see a "little boat" in mid-ocean, and to everyone's horror they discovered it was a submarine's conning tower not 200 yards distant. But because their ship was flying the Dutch flag, the submarine let them go.

TRIES TO ENLIST

Mr. Stock has made repeated application to get back into the army, but he is always informed that "there is nothing at present in your category." So he has decided to settle down and take life as it comes. Ever since landing on this side, Mr. and Mrs. Stock have been roaming the Americas looking for some place that seemed attractive enough for a permanent home. They are convinced they have found the ideal place — on Vancouver Island. They have been particularly happy to discover here, in Mr. and Mrs. Allan Wilkie, the retired Shakespearean actors, old friends of a mutual friend, Sophie Stewart, of "Bunty Pulls the Strings" fame, the Scottish actress whom they first met in Hollywood.

GOING HIGHBROW

Shoemakers and cobblers in the United States are now calling themselves "shoetricians." They say the old names were unworthy of their art.

Not "soleful" enough.

St. Andrew's W.M.A.

An afternoon was enjoyed by members and friends of St. Andrew's Presbyterian Women's Missionary Auxiliary amid fragrant surroundings of the Gorge Japanese tea gardens yesterday. Mrs. M. C. Fuller, vice-president, and the minister, Rev. J. L. W. McLean, took the devotional period, and the guest speaker was Mrs. R. A. Bosshardt, of the Chinese Inland Mission, who served for fourteen years in Kwei-chow Province. Tea was served at the conclusion of the meeting.

Weddings

CARDEN—WARE

At the Church of Our Lord, Free Church of England, at 9 p.m. Saturday, Rev. G. H. Scarrett united in marriage Dorothy Elizabeth, second daughter of Mrs. E. K. Ware and the late Mr. H. Ware, Prince Albert, Sask., and Mr. Howard John Carden, eldest son of Mr. J. Carden and the late Mrs. Carden, Vancouver. Mr. T. R. Myers, organist, played the wedding music.

The bride was given in marriage by Mr. Frank Hastings and wore a charming ensemble of grey trimmed with lapin, with which she wore white accessories. Ophelia roses and sweet peas composed her corsage bouquet. Mrs. W. Langton was her only attendant, wearing a tailored grey pin-striped suit with white accessories and a corsage bouquet of pink sweetheart roses and bouvardia. Mr. W. (Bill) Langton supported the groom, and Messrs. Edward Taylor and Eric Ware were the ushers.

Only intimate friends and relations attended the reception at 1022 Princess Avenue, and were received by Mrs. Ware wearing a gown of black slipper satin with which she wore a corsage bouquet of pink carnations. The bride's table was centred with the three-tier wedding cake flanked by two silver baskets of pink carnations on a handmade lace cloth. Mr. John Taylor proposed a toast to the bride and groom.

The happy couple left on the midnight boat for the Mainland. On their return, Mr. and Mrs. Carden will reside at 1022 Princess Avenue.

BOND—NORGROVE

CRANBROOK, B.C., July 15 (CP) — Miss Sybil Lillian Norgrove, younger daughter of Mr. and Mrs. James Norgrove, Cranbrook, was married here yesterday to David John Hundem, son of Mrs. James Bond and the late Evan John Bond, Cumberland, B.C.

The bride and bridegroom are both graduates of the Provincial Normal School, and teach in the East Kootenay.

They will travel to Alaska for a wedding trip.

GREENWOOD—FRANCIS

The marriage of Margaret, third daughter of Mr. and Mrs. D. M. Francis, Princeton, and Mr. John Gordon Greenwood, only son of Mr. and Mrs. John Greenwood, Victoria, took place quietly at Zeballos on June 27. Rev. Mr. Springorne officiated. The bride, who wore a costume in Queen's blue with white accessories, was attended by Miss M. E. Morris. Mr. Ed Murphy was best man.

GAGE—HARGRAFT

A marriage of interest, which took place quietly in the Lady Chapel of All Saints' Church, Winnipeg, on July 10, was that of Cynthia Ross, only daughter of the late Major Stuart A. Hargraft and Mrs. Hargraft, and Mr. Gordon K. Gage, third son of the late Mr. J. C. Gage and Mrs. Gage, Winnipeg. Rev. Canon R. S. K. Seeley officiated. The bride, who spent some years in Victoria, is a neice of Rev. T. Reed and Mrs. Lancaster, the Rectory, Sidney.

WILDE—SHANDLEY

In Vancouver on Saturday at 9 p.m. Vida Elizabeth, only daughter of His Honor Judge and Mrs. W. H. Shandley, Oak Bay, was united in marriage to Mr. Reginald R. Wilde, elder son of Mr. and Mrs. Thomas Wilde, Vancouver, at a quiet ceremony performed by Rev. F. W. Norwood, D.D., in St. Andrew's-Wesley United Church. Judge Shandley gave his daughter in marriage and only immediate relatives were present. Mr. and Mrs. Wilde will make their home in Vancouver, where the bridegroom is a member of the staff of the Royal Bank of Canada.

Have Arrived in Halifax

Mrs. E. P. (Ted) Simmons and her eleven-month-old daughter, Penny, Victoria, photographed on their arrival in Moncton, N.B., from Vancouver by a Trans Canada air liner, to join Mr. Simmons, who is in naval service in Halifax. Stewardess Pauline Benson, Toronto, is holding Penny. Mr. and Mrs. Simmons are both well known here, particularly among the Little Theatre group, in which they were active for years. Mr. Simmons was with the Standard Furniture Company here.

Garden Tea in Loretto Hall Is Enjoyable

A successful garden party was held at Loretto Hall on Sunday afternoon by the newly formed auxiliary, the Missionary Circle of the Little Flower. The gardens, always a beauty spot in themselves, were even more resplendent with gay Chinese lanterns hanging in festoons across the lawns and entrance, and the happy throngs who soon filled the tables enjoyed their tea to the accompaniment of soft music.

Many compliments were tendered the committee in charge, which had organized so delightful an affair. Many of the guests requested the pleasure of inspecting the house and were conducted through the lovely rooms by Sister St. Rita.

The president, Miss H. O'Brien, welcomed the guests, and Mrs. P. C. Shaw and Miss Emily O'Brien presided at the tea urns.

The committee included Miss R. Maquire, Miss Josephine Murray, Madame Cagnet, Mrs. Dore, Mrs. Gandy and Mrs. Sandy, the servers being Misses Hilliditch, Gerry Murray, L. Michaux, F. Porter, M. Grant, J. Leavitt and Mrs. A. Webb.

Urgently Need Accommodation

Another appeal is being made by the Travelers' Aid of the Y.W.C.A. for reasonably-priced respectable accommodation for the single girls or small families. The Summer season, with the advent of holiday-makers; the arrival of so many servicemen with small families in search of rooms, and the ordinary travelers' demands have absorbed all the accommodation listed with the Y.W.C.A., which is practically the only agency in the city with an inspected room list. Anyone with available rooms is requested to telephone the Travelers' Aid, Y.W.C.A., G 7179.

ENGAGEMENTS

COWNDEN—WEST

Mr. and Mrs. Arthur West announce the engagement of their youngest daughter, Veronica (Ronnie) Irene Elizabeth, to Mr. Albert Bernard Cownden, second son of Mr. and Mrs. Arthur Cownden, 919 Hillside Avenue, Victoria. The wedding will take place on August 1 at St. Andrew's Cathedral.

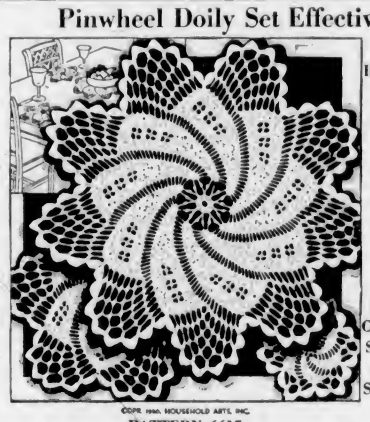

JUST IN TIME

"Aye, yon was a powerful discourse on thrift ye preached the Sabbath," said Donald to the minister after the service.

"I'm glad you were able to profit by it," said the parson.

"Profit! Why, mon, I would have sloshed ma saxpence into the plate wi' oot a thought if it hadna been for your providential words—they saved me fourpence there and then."

Social Activities and Notes of Personal Interest

Guard of Honor Formed by Guides at Church Wedding

The marriage of Ruth Margaret, elder daughter of Mr. and Mrs. R. H. Adams, 2148 McNeill Avenue, and Mr. William John Harrison, only son of Mr. and Mrs. W. Harrison, Copper Mountain, B.C., took place in Metropolitan United Church at 8 o'clock last evening in a setting of Summer flowers. Rev. W. J. Sipprell, D.D., officiated at the ceremony in the presence of a large congregation, and Mr. Edgar Holloway presided at the organ. As the register was being signed, Mr. David Oldham sang "Because."

The radiant bride was given away by her father, and wore a bouffant, floor-length frock of white silk lace and net over taffeta with short puff sleeves, and a pearl locket, a gift from the bridegroom. An heirloom veil of ivory embroidered French net arranged beneath a coronet of orange blossoms (both loaned to the bride by a friend) draped over stiffer net, came to the hem of her skirt, and as she entered the church she wore a small circular veil over her face.

Inserted in the lovely bouquet of Ophelia roses, gardenias and white carnations, which was showered with swansonia and sweetheart roses, was the bride's blue Wayside House nursing pin.

FIVE ATTENDANTS

The maid of honor, Miss Helen Ames, in pale blue, and bridesmaids, Miss Enid James, in pink, and Miss Dorothy Adams, sister of the bride, in mauve, were dressed in similar frocks of net with short puff sleeves and floor-length skirts. Their Flemish style hats of natural Tuscan straw were trimmed with flowers, and corded ribbon to match the frocks, and they carried Colonial bouquets of carnations, delphiniums and roses tied with ribbon in the contrasting colors. Two little girls, Barbara Ann and Roberta Crombie, were winsome flower girls in long frocks of shirred chiffon, in yellow and green respectively, who wore flowers in their hair and carried tiny Colonial posies.

Mr. William Taaffe was best man, and Messrs. Wallace Kelly, Robert Iverson and Owen Ridley were ushers.

THE RECEPTION

The reception was held in the Dominion Academy of Music, Cook Street, where Shasta daisies were profusely arranged in decoration of the rooms. Mrs. Adams welcomed the guests in a powder blue dress with a burnt-straw hat, white accessories and a corsage bouquet of Talisman roses and violas, assisted by Mrs. Harrison in an orchid ensemble with a small flowered hat and a corsage spray of pink roses and swansonia. Lighted pink tapers and vases of roses adorned the supper table, which was covered with a lace cloth and centred with the wedding cake.

For a honeymoon on the Mainland, the bride left in a blue sports dress, a blue and natural check coat with a shoulder spray of gardenias and matching accessories. Mr. and Mrs. Harrison will make their home at Copper Mountain.

The bride, for many years actively engaged in Girl Guide work, was captain of the Joan of Arc Company, and was honored by the Guide captains of the North, East and West Districts, who formed a guard of honor as she and her husband left the church after the wedding ceremony.

Mr. and Mrs. William Harrison, Copper Mountain; Miss Patricia Lawrence and Miss Ella Pottinger, Vancouver, were present at the wedding.

Women to Farm for Evacuees

MONTREAL, July 15 (CP).—Montreal's first company of "farmerettes," a division of the Women's Volunteer Reserve Corps, prepared today to start work on a small-scale market gardening scheme to raise produce for institutions in this city caring for British children evacuated to Canada.

Miss Doris Day is in command of the company, consisting of twenty-five girls who will start planting Thursday, on a plot of land in suburban Notre Dame de Grace.

Holidaying at Jasper

Mr. and Mrs. W. Morrison, Victoria, are spending a holiday at Jasper Park.

Double Wedding Celebrated at Shawnigan Lake

Only relatives and a few close friends were present at a quiet double wedding held at Shawnigan on Sunday afternoon at the home of Mr. and Mrs. W. I. Gibbs, when Kathleen Muriel, only daughter of Mr. and Mrs. W. I. Gibbs, became the bride of Mr. Wilfred Tunstill Bomford, eldest son of Mr. and Mrs. E. W. Bomford of Cherry Point, Cobble Hill; and when Margaret, elder daughter of Mr. and Mrs. W. Williams, Shawnigan Lake, became the bride of Mr. Ralph Youd, elder son of the late Mr. and Mrs. W. R. Youd, Shawnigan Lake and Saskatchewan.

Miss Gibbs was dressed in a going-away costume of dove grey with blue accessories, and was unattended. The groom was supported by his brother, Mr. Edwin Bomford.

Miss Williams wore a navy blue ensemble with matching accessories, and was also unattended. Mr. Norman Bomford acted as best man.

The double ceremony was performed by Rev. G. R. B. Kinney, and the brides were given away by Mrs. W. Williams and Mr. W. I. Gibbs. Following the ceremony, Mr. and Mrs. Bomford left for a honeymoon trip to the Mainland. Both couples will reside at Shawnigan.

Lending Garden for Fete

MRS. W. C. NICHOL

Afternoon tea will be served, and there will also be all manner of lawn games and contests, and bridge and mah jong. Proceeds will be used for the chapter's war work.

Announcement of Engagement Is Made

MR. R. THORSTENSON

MISS D. M. BIRD

Mr. and Mrs. E. W. Bird, 2823 Dysart Road, announce the engagement of their eldest daughter, Dorothy Mary, to Mr. R. Thorstenson, second son of Mr. and Mrs. O. Thorstenson, Hope, B.C. The bride-to-be is a gradute of the 1937 class of the Royal Jubilee Hospital, and Mr. Thorstenson a graduate of the University of British Columbia. The wedding will take place quietly at the home of the bride's parents early in August.

Social and Personal

French Camp Celebrates

The French camp at Shawnigan Lake celebrated Bastille Day on Sunday with a special all-day programme, which began with a recital of selected gramophone records in the morning and concluded with sketches and monologues in the evening by M. Andree Frere, a guest at the camp, who delighted his audience with his artistic and graphic characterizations. Mr. Frere, who writes his own sketches, made his debut at the Theatre Royale du Parc, Brussels, and subsequently played to audiences in Paris and other European capitals. He has also given recitals for New York and Pennsylvania universities and other educational institutions in America. A favorite in his Sunday night programme was "The Choice of a Necktie," which had a delighted reception. Miss Punderson, who is director of the camp, presided at the Sunday luncheon, when the table was decked with red, white and blue, effectively carried out with geraniums, campanulas and cornflowers. Balloons also emphasized the tricolor. A toast to "The King" was given, and before the guests dispersed to spend the afternoon at the playing field, Chef "Frank" was called from the kitchen and, with the staff, complimented on the excellence of the menu. The afternoon programme consisted of races and athletic contests, for which prizes were subsequently presented.

Matron Dress Has Soft Bodice

By MARIAN MARTIN

Pattern 9314

LIVE up to the dignity of mature years with graceful charm in this soft dress, Pattern 9314. Marian Martin has designed it to be becoming to the thirty-four-to-forty-eight figure. You'll probably want it in a cool flowered sheer. Unusual skirt flattery results from double panels at both front and back. The generously cut bodice is gathered in below the yokes and held by darts above the waistline, keeping your silhouette slim. Make the sleeves above the elbows or in smart three-quarter length. You'll like the cool simplicity of the square neckline—you might trim it with a flower. A really useful Summer dress!

Pattern 9314 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3¾ yards 39-inch fabric.

Send 20c in coins for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your order to The Daily Colonist, Pattern Department, Victoria, B.C.

Flooding Stream of Pilots From Canada Will Bring Victory

Canadian Air Marshal W. A. Bishop Stresses Necessity for Complete Unity—Has No Doubt Of Ultimate Results for Empire

VANCOUVER, July 15 (CP).—Describing Vancouver's "air supremacy" drive to purchase training planes as an inspiration for the rest of Canada, Air Marshall W. A. Bishop, V.C., D.S.O., D.F.C., said today that the Empire air training plan will mean the elimination of the German air force.

Speaking at a Board of Trade luncheon, Canada's famed Great War ace said that Germany is staking her all in an effort to force victory before the Canadian air schools begin to produce an ever increasing number of skilled pilots.

"She is shoving all the chips to the centre of the table in the hope of a quick victory before the Canadian air schools under the Empire air training plan hit their stride," he said.

"The Germans know that when that flooding stream of pilots, observers and air gunners goes into action, the Nazi air force will have no hope of survival.

LOSSES SERIOUS

"Britain has seized the initiative in the air," he said, "and we do not propose losing it." German air losses have been serious, he added, "far greater than ours," but even more telling has been the tremendous German loss of trained pilots and air crews.

"The numerical superiority of Germany's air force has been matched by superior British planes and personnel, he said. Royal Air Force officers, he added, consider that three German planes to one British provide an even fight.

The former ace told his listeners that when British flyers met the enemy for the first time, they met him as experienced fighters, not partially trained pilots as was the case during the last war.

"In my own case, I was on the lookout for Zepps over the mouth of the Thames with only fifteen hours flying credit," he said. "Thank God I didn't meet one. Under our present training plans a pilot is given 200 hours before going into battle. No stone is being left unturned to see that our air force is superior to the enemy's."

While the British air forces are fighting with the same gallantry that marked them during the last war, morale of enemy flyers seems to be slipping, he said.

"For example," he explained, "I can tell you that at least three authentic cases are known where the rear gunners of German bombers have taken to their parachutes the moment they saw British fighters—before a shot was fired."

"TOO FAST TO CATCH"

Dismissing the Italian air force, he said that the only worry of British flyers was whether Italian planes would be too fast to catch.

Stressing the necessity for complete unity, he said those making recriminations for the present situation play into the hands of the Germans.

"This is no time for recriminations, all of us must lend every support and assistance," he continued. "Our race loves to fight with its back to the wall. Endurance outweighs initial successes of the aggressor. Of the ultimate results there is and cannot be the slightest doubt. We will win this war.

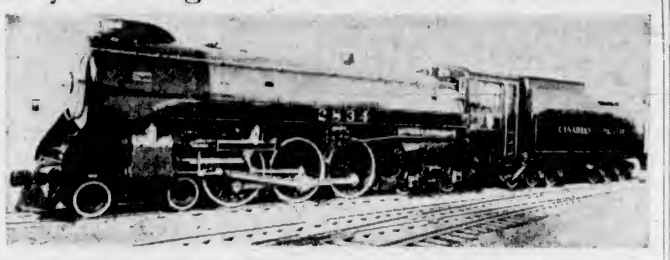

"Canada must be prepared to give everything without stint, without hesitation. There must be no holding back. There will be none. We are part of the Empire, and with the British Empire we must stand or fall."

DRIVE COMPLETED

VANCOUVER, July 15 (CP).—Vancouver's "air supremacy" drive went into its last day today, with an estimated $120,000 collected in a month-old campaign to purchase training planes for use here under the Empire air training plan.

Launched June 14, the drive was originally intended to provide $80,000 for ten planes, but outstripped its quota. Fifteen planes are expected to be purchased.

"Royal" Engines for British Columbia

Five Canadian Pacific locomotives of the "Royal" class will soon be hauling passenger trains between Revelstoke and Vancouver. First of the five, No. 2860, reached Field some days ago, and Nos. 2861, 2862, 2863 and 2864 are to follow in short order. It was one of this type, No. 2850, which was assigned last Summer to the Royal train, and it hauled the unit from Quebec to Vancouver in what proved to be the longest single run ever achieved by any locomotive. The "Royal" series, as they are now called, are the Canadian Pacific's newest engines, designed to pull heavy passenger trains at high speed. They are semi-streamlined.

Pilchard Price and Wage Dispute Has Been Settled

VANCOUVER, July 15 (CP).—The price and wage dispute between 300 Vancouver pilchard fishermen and reduction plant operators have been settled, W. T. Burgess, secretary of the United Fishermen's Federal Union, announced here today.

The new price will be $3.15 a ton, an increase of 15 cents over that of last year, he said. There will also be a 5 per cent wage increase to fishermen and tender crews.

At the same time, he added, a tentative agreement has been reached on herring prices, which will likely remain at the 1939 figure, $2.40 a ton, he added.

ARRIVE FROM JAPAN PORTS

Passengers for Victoria Were Aboard Japanese Liner Heian Maru

Arriving from Japan ports over the week-end, the Nippon Yusen Kaisha Ms. Heian Maru brought in a fairly large list of passengers, among them several for Victoria.

Passengers for this port included Mrs. J. E. Horman Fisher, Kobe, who is staying at the Oakbay Beach Hotel; Lessey Pollard, returning to Victoria from a visit to the Orient; and Mr. and Mrs. H. C. Timms and four children.

Others included on the liner's passenger list were Miss Margaret McLean, New Westminster teacher, returning from a tour of Japan; Mr. and Mrs. C. H. Stephen and two children, from Nagoya, where Mr. Stephen is United States vice-consul; and David Bradley, journalist, of Madison, Wisconsin.

The Heian Maru also brought a number of German Jew refugees bound for Seattle. They crossed Russia and Siberia on the Trans-Siberian Railroad.

FRENCH LINE TO CONTINUE

Company Will Maintain Shore Orgnization in Canada and U.S.

NEW YORK, July 15 (AP).—The French Line will continue to maintain its shore organization in Canada and the United States until normal trade can be resumed, and contemplates no change in the status of the liner Normandie and other vessels now tied up in American ports, Henri Morin de Linclays, resident manager of the line, said today.

He made his statement in denying published reports that the line was dismissing its employees and would discontinue operations. De Linclays said he had dismissed 20 per cent of the line's junior employees because their services were not required—since war had virtually halted the line's business.

De Linclays said the line "will meet all of its obligations in this country." Its assets here consist of cash in banks adequate for a considerable period and the ships now lying in the ports of New York, Panama, San Francisco and New Orleans, he added.

SAILED BEFORE CAPITULATION

French Cruiser Emile Bertin Left Halifax Prior to Armistice

OTTAWA, July 15 (CP). — Hon. Angus L. Macdonald, Minister of National Defence for Naval Affairs, last night said the French cruiser Emile Bertin, reported by the Berlin radio to have reached Martinique after having eluded a British naval guard at Halifax, had sailed from Halifax, June 21, as "a ship of an ally sailing from a friendly port to a friendly port."

The Berlin report was heard in New York by the National Broadcasting Company.

The Navy Minister emphasized that the French cruiser, with full knowledge of Canadian authorities, left Canadian waters before the French capitulation to Germany. He said she did not, nor could she have, eluded Royal Canadian Naval forces.

PREVIOUSLY REPORTED SAFE: IS NOW MISSING

WINNIPEG, July 15 (CP).—Frank McGibney, thirty, Winnipeg, electrical artificer on the Canadian destroyer Fraser, previously reported safe, is now missing and presumably dead, according to official word received by his wife here today.

DEPARTED FOR NEW CALEDONIA

Clipper Left Canton Island On Inaugural Flight to New Zealand

CANTON ISLAND, July 15 (AP).—The American Clipper, inaugurating air service between California and New Zealand, left at 6.34 a.m. (9.34 a.m. P.S.T.) today for Noumea, New Caledonia.

The forty-two-ton ship, carrying twenty-five non-paying passengers and mail, arrived here at 9.57 o'clock last night from Honolulu, completing the 1,915-mile flight to this tiny atoll southwest of Honolulu in 12 hours 30 minutes.

The clipper began its overseas flight from Los Angeles Friday, arrived at Honolulu Saturday and departed for Canton Island early yesterday.

Bishop Sexton Will Dedicate Mission Boat

The mission launch, which has been provided by the senior afternoon branch of Christ Church Cathedral W.A. for use in the Northern Mission (Port Alice and Quatsino Sound districts), will be dedicated by the Bishop of British Columbia this afternoon at 2:30, at Armstrong Bros.' Yards, 134 Kingston Street. All interested church people are invited to attend.

PERSONAL APPEARANCE BEFORE UNITED STATES CONSUL NOT REQUIRED

OTTAWA, July 15 (CP).—The External Affairs Department today announced it had been informed by the United States Minister that Canadians wishing to proceed from one part of Canada to another via Alaska, may obtain the necessary visas by mail, thus making a personal appearance before a United States Consul unnecessary.

Hart Cup Baseball Series Opens Here Saturday Afternoon

Port Angeles Will Oppose Victoria in International Trophy Competition—Eagles Defeat Navy in Rithet Cup Fixture—Games This Evening

PLAYED for annually by baseball teams from Port Angeles and this city, the Hart International Baseball Trophy will be at stake Saturday, when Victoria opposes the American nine in the first two games of the 1940 series. The fixtures will be played at Royal Arthletic Park, at 2:30 o'clock and 6 o'clock.

Donated by the Hon. John Hart, British Columbia's Minister of Finance, the cup was first played for in 1938, and that year went to Port Angeles. Locals defeated the Angeles squad last season and brought the silverware back to Victoria, where it is at the present time.

The coming series will be in the form of a "rubber" and promises to be keenly contested. Victoria climbed back on the winning van last Saturday with a couple of victories over Bremerton, and feels confident of taking a lead in the cup fixtures with Port Angeles. Other players will be added to the local line-up and, according to Bill Bridgewood, manager of the squad, the boys should make the chores interesting for the visitors.

EAGLES BEAT NAVY

Defeating the Navy, 13-3, last night at Royal Athletic Park, Eagles moved a notch closer to the pace-setting Tillicum Athletics in the Rithet Cup championship series. The victory was the fourth for the birdmen in the flag race, and left them two full games behind the clubbers.

Tomorrow evening at the Caledonia Avenue ball lot, the feathered tribe will meet the Athletics, and baseball fans are looking forward to an interesting battle. Clubmen turned back the Eagles, 7-2, in their last meeting, with "Schoolboy" Rowe hurling the best ball of his young career. He will probably be thrown right back at the birdmen in tomorrow's important fixture.

TRIED HARD

Sailors tried hard last night with a weakened club, but costly bobbles robbed them of any chances of making the ball game even close. Johnny Rogers, pitching for the Navy, worked like a charm for five innings, but his clubmates kicked the ball around enough to allow the feathered tribe to score five runs. Porter, his battery mate, turned in a steady performance behind the home plate, while Milne, at centre field, pulled off the evening's most spectacular catch.

It was not until the sixth frame that the birdmen really got to Rogers' offerings, and when they did they pounced on him for telling base blows. They bunched six safeties, three of them for extra bases and five runs, and set up a 10-3 lead. Eagles added two markers in the seventh.

Lawrence, a former Grand Forks High School boy, started on the hillock for the winners, but had trouble finding the plate. The youngster gave up two walks and tossed a wild pitch, and with runners on second and third was taken out of the game.

Russ Richardson assumed the role of relief hurler, and held the sailors to three scattered singles. He fanned eleven.

Navy picked up two of their base blows in the fourth frame with Milne and McDonald doing the hitting. The former drove in two runs, and was left stranded on the keystone bag.

SECOND DIVISION

Two Second Division baseball games are carded this evening, as the clubs about wind up their league schedule. The league-leading Eagles will journey to Admirals Road to meet the third-place Navy nine, while at Beacon Hill, Cubs will be at home to Cedar Hill Athletics.

IT'S A HARD LIFE

When he was just four, my lad was very much interested in a wedding that he had seen. For days afterwards he would speak of nothing else. One night he asked: "Daddy, have you been married?"

"Yes, of course—to mamma," I replied.

"Is it very hard to get married?" he continued.

"No," I replied, "we did not find it very difficult." After some cogitation he spoke again:

"Of course, it was not difficult for you, because you only got married to mamma, but I must marry some strange woman."

FRED WILLEY TOPS DERBY

Prize Winner of Anglers' Competition Held at Brentwood Bay

Landing his winning fish, a nineteen-and-three-quarter-pounder just five minutes before the deadline and about 200 feet from the dock which he was heading for to call it another day, Fred Willey captured top honors in the Victoria-Saanich Inlet Anglers' Association's first salmon Derby of the season, Sunday, at Brentwood. Willey won the handsome motorboat and was the happiest angler at the bay at the end of the day.

The winner has been fishing in the waters of Brentwood for the past ten years and is one of the most patient fishermen to visit the bay each week-end. He has been a member of the Anglers' Association for the past six years and has been associated with the Chinook Club since 1937. A few years ago Mr. Willey landed two big twenty-five-pounders, his biggest catches in the arm.

Willey was out fishing all morning, with little or no luck to speak of. He was using a small rowboat with an outboard motor and ran into trouble when he smashed the handle of the motor, forcing him to land at Stacey's for repairs. Willey figured on quitting the competition at this stage, but was urged by Stacey to carry on and he eventually won the top honors with his last-minute catch.

SECOND HONORS

Second honors went to H. Byron, who landed a nineteen-pound two-ounce salmon, which netted him a three-piece silver tea set, while Harry Woolston, an official of the association, took the third award with one weighing sixteen pounds six ounces. W. Taylor was fourth on the list with his eleven-pound fourteen-ounce catch, while Wally Ayton was fifth, and Bob Wensley sixth. P. S. Reid took seventh, G. Alexander eighth, and A. Clegg next with a nine-and-a-quarter-pound salmon. The consolation prize, a sixty-two-piece china set, went to Roy Elwood.

Reeve A. G. Lambrick, of Saanich, presented the prizes at The Anchorage, headquarters of the association. Ray Ritchie, president, introduced the various officials responsible for the successful Derby. He announced that the next event will be held at Brentwood on August 4.

MIDGET BASEBALL

Fernwood Giants and Cook Street Bulldogs, midget baseball nines, will play a league game tomorrow at Royal Athletic Park, at 10 o'clock.

CYCLE CLUB MEETING

A meeting of the Victoria Cycle Racing Club will be held this evening at 8 o'clock in the Y.M.C.A. All riders are urged to attend.

WIN BY DEFAULT

Tillicum Rainiers, junior baseball nine, last night won by default from Cloverdale Cubs.

Is Having Great Season

BOB FELLER

SENSATIONAL young pitching star of the second-place Cleveland ball squad, who chalked up his fourteenth victory of the American League campaign recently, when he allowed only one hit to Connie Mack's Philadelphia Athletics. Feller is only twenty years old, and appears to be headed for a great season under the big tent. One of the chief reasons why Cleveland is in the thick of the pennant race is due to this youngster's brilliant mound work. Experts figure that Feller has a good chance to win thirty games before the race terminates.

Bud Ward Wins Honors At Minneapolis Links

Spokane Shotmaker Adds Western Amateur Golf Crown to Collection by 2-and-1 Decision Over George Victor—Rallies to Gain Victory

MINNEAPOLIS, July 15 (AP)—Pugnacious Bud Ward, of Spokane, national amateur titlist, revealed an indomitable fighting spirit Sunday to add the Western amateur crowd to his list of triumphs when he nosed out George Victor, of Chicago, 2 and 1, in the thirty-six-hole final of the forty-first annual tournament at the Minneapolis Golf Club.

Three down at the end of eighteen holes to his twenty-two-year-old rival, Ward came back after the intermission with a brilliant array of shots that carried him to victory, in a spectacular match.

While Victor played his best golf in the morning, most of the drama came in the afternoon in Ward's uphill fight to pull ahead. The national champion fired two eagles at young Victor, won two other holes on birdies by dropping in approach shots of forty and twenty-five feet, and otherwise conducted himself spectacularly.

Ward's will to win was centred in a rally at the start of the afternoon round, when he took five of the first six holes to go from three down to two up. For that stretch he was four under par.

He started out with an eagle on the first of the afternoon round by canning a twenty-five-foot putt, halved the twentieth hole in par fours; birdied the twenty-first when his approach was only three feet from the pin for a four; placed his tee shot eighteen inches from the pin for birdie deuce on the twenty-second, and got down in par four and three on the twenty-third and twenty-fourth, respectively, without much trouble.

With an apparently safe lead, Ward then ran into trouble with his long shots and took three straight bogie fives to lose as many holes and be down at the turn. For the nine holes Ward had a medal 35 to Victor's 37.

Victor ran into trouble on the twenty-eighth when his tee shot carried into the rough and he lost to Ward's three to even the match again. On the back edge of the twenty-ninth hole, Ward canned his forty-foot approach shot for a birdie three, droped a twenty-five-foot approach for an eagle three on the thirtieth, halved the thirty-first in bogie fives, and then birdied the thirty-second with a sixteen-foot putt, to go three up.

GETS POOR DRIVE

The thirty-third was halved in regulation fives and then Victor managed a par three on the thirty-fourth to be two down. Victor got off a poor drive on the thirty-fifth when his tee shot carried into the rough to hit a boy and dropped 100 yards from the tee. Ward, also off poorly, was forty yards from the tee in a trap. Victor finally got on in four and Ward in three, and when the latter ran a twenty-foot putt to the very edge of the cup for a cinch halve in bogie five, the match was over.

SIDNEY BEATS C.P.R.

Winning three of the four mixed doubles, and breaking even in the women's and men's matches, Sidney netters defeated the C.P.R. (Victoria) Tennis Club, 5-3, in a friendly match played on their home courts.

THE BETTER MAN

When applying for a job, he described himself as "the best salesman in the world." So the firm decided to give him a trial on a "very special line."

He did his best, but failed to book a single order. At the end of the week he went in to report.

"I've come to apologize," he said frankly. "I told you I was the best salesman in the world. Well, I'm only the second best. The best one is the fellow who sold you those goods I've been trying to get rid of."

BELIEVE IT OR NOT . . . . . By Ripley

EXPLANATION FOR SUNDAY'S RIPLEY CARTOON

Edward Curtis—Although Edward J. Curtis was never appointed or elected to the office, he was Governor of the Idaho Territory longer than any of its regular Governors. The reason was that five regularly appointed Governors of the territory "strayed or were lost" or refused to come to Idaho to rule it. These regularly appointed Governors were Samuel Bard, Gilman Marston, Alex H. Conner, Thomas M. Bowen and John B. Hoyt. In their stead, E. J. Curtis, who was Secretary of the Territory, acted as Governor for nine years (1869-1878).

Detroit Tigers Move Back In First Place in Race for American League Pennant

Nose Out the Athletics After Scoring Eight Runs In Fourth Frame—Cleveland Beaten by Washington—Yanks Lose—Cincinnati Reds Down Phillies—Dodgers Split Even

By The Canadian Press

Cleveland lost its American League lead and a game to Washington Senators yesterday. Washington won an 8-6 victory behind the seven-hit pitching of Sid Hudson and thereby moved out of the cellar into sixth place.

A makeshift Boston Red Sox batting order cannonaded fifteen hits off the services of four St. Louis Browns' pitchers to sweep their three-game series with a 10-6 triumph.

Chicago White Sox staved off an eighth-inning uprising by New York Yankees to win a 3-2 decision and snap a four-game winning streak of the world champions.

The deciding run proved to be Joe Kuhle's fourteenth home run in the eighth inning.

Detroit scored eight runs in the fourth inning, but it took a sixth-inning home run by Rudy York and Paul Trout's relief pitching to give the Tigers a 9-8 victory over the Athletics.

The victory put Detroit back into first place in the American League as Washington beat Cleveland.

DODGERS LOSE GROUND

Brooklyn Dodgers and Pittsburgh Pirates divided a double-header with the net result that the Dodgers dropped to three games behind the pace-setting Cincinnati Reds, and the Pirates slipped to sixth place in the National League.

The National League-leading Cincinnati Reds took another one-run victory, their second in two days, from Philadelphia Phillies, as Bucky Walters outstayed Ike Pearson for his thirteenth decision of the year. The score was 3-2.

New York Giants gave Chicago fans a lesson in futility as Chicago Cubs won a 5-3 verdict on Hank Leiber's three-run homer in the seventh inning.

St. Louis Cardinals pounded out twenty hits off two pitchers to slaughter Boston Bees 12-2, for their fifth straight victory.

Dempsey Stops Wrestler Curry In Second Heat

DETROIT, July 15 (AP).—The former heavyweight boxing champion, Jack Dempsey, knocked out Bull Curry, Hartford, Conn., wrestler, in the second round of a scheduled six-round exhibition bout, here tonight. The bout was anything but a pugilistic show.

The knockout blow—at 1:05 of the second—was a vicious right to the wrestler's stomach and was the only one Dempsey was able to land.

From the time the bell sounded for the first round, Curry turned the affair into a wrestling match. He got the ex-champion in a headlock, and Referee Sam Ennessy finally pried the two apart.

Thirty seconds before the round ended Curry grabbed Dempsey by the legs and both fighters were hurtling through the ropes into the lap of Chairman John Hetche, of the State Boxing Commission.

RANKED THIRD IN STANDINGS

Miss Barbara "Topsy" Mackay Given Good Seeding In Table Tennis

Holder of three singles titles, Miss Barbara "Topsy" Mackay, Victoria paddle ace, has been placed third in the Pacific Coast table tennis rankings, recently released. Miss Mackay won the Western Canada, British Columbia and Victoria City tournaments. Mrs. Mary Heppell, her sister, was placed fourth.

Of the local men, Albert Renfrew, city champion, was given the best seeding, being placed eighth in the list. Former city titleholder and last year's finalist, Wilmot Browne-Cave was placed fifteenth. Both local players gained their rankings from the Pacific Northwest team match played in Victoria.

Ray Pearson, Seattle star, and well known to Victoria followers of the table tennis game, because of his many appearances on local tables, was placed at the top of the rankings. Pearson annexed the Pacific Coast, Washington State and Oregon State titles.

Mayo Rolph, Portland, and Peggy Colquhoun, Vancouver, were ranked one and two in the women's section. They were winner and runner-up, respectively, in the Pacific Coast tourney. Miss Barbara "Topsy" Mackay defeated Miss Colquhon in the Western Canada meet.

Rankings of the first ten men and the leading five women follow:

Men—Ray Pearson, Hal Philan, H E. Saber, Don Vaughan, Bob Hage, Robinson, Keenlyside, A. Renfrew, W. Judd and E. Martin.

Women—Mayo Rolph, Peggy Colquhoun, Barbara Mackay, Mrs. Heppell and Mrs. June Vaughan.

Is Ranked Third in Coast Standings

MISS BARBARA MACKAY

VICTORIA table tennis ace and holder of the Western Canada, British Columbia and City women's singles championships, who gained third position in the Coast table tennis rankings recently announced. Mrs. Mary Heppell, her sister, placed fourth. Albert Renfrew, city champion, led the local men players, gaining eighth position. Wilmot Browne-Cave, former city champion and last season's finalist, was the only other Victorian ranked, gaining fifteenth place.

RETORT COURTEOUS

At the booking office the Scot had been fumbling for his change for quite a few minutes, while a long queue formed behind him.

Suddenly one irate "waiter" exclaimed:

"I'd rather have ten Englishmen before me than one Scot!"

"Aye," replied Jock, "and so would the Germans!"

At the Theatres

DOMINION SHOW GREAT SPECTACLE

"One Million B.C." Is a Colorful Drama of Prehistoric Days Among Cavemen

With a cast headed by Victor Mature, Lon Chaney, Jr., and Carole Landis, Hal Roach's great spectacle film drama of prehistoric times, "One Million B.C.," will have a gala premiere at the Dominion Theatre today through United Artists' release. The production, one of the most ambitious to come from the Roach Studios to date, was both produced and directed by Mr. Roach personally, with Hal Roach, Jr., collaborating.

The story centres about the Shell People and the Rock Tribe, two peoples who may be described as cavemen in the days when huge dinosaurs roamed the earth.

POPULAR MUSICAL OPENS AT CADET

Jeanette MacDonald and Nelson Eddy Co-Star in Metro-Goldwyn-Mayer's "Rose Marie"

No matter how much you liked "Naughty Marietta," that musical sensation of 1935, you're sure to like "Rose Marie" even more. Again co-starring Jeanette MacDonald and Nelson Eddy, this Metro-Goldwyn-Mayer production will open today at the Cadet Theatre.

Replete with haunting music, a tender love story, magnificent photography and backgrounds, it is truly the film sensation of the year.

Miss MacDonald plays the name role, an opera star who travels disguised into the wilds in search of her dissolute brother, a criminal from justice.

AMUSEMENTS

On the Screen

Atlas—Ray Milland, in "French Without Tears."

Cadet—"Rose Marie," with Jeanette MacDonald.

Capitol—Spencer Tracy in "Edison, the Man."

Dominion—"One Million B.C.," with Victor Mature.

Oak Bay—"Stanley and Livingston," featuring Spencer Tracy.

Plaza—Clark Gable, in "Call of the Wild."

Rio—Errol Flynn, in "Robin Hood."

ATLAS THEATRE Ray Milland, who is starred with Ellen Drew in "French Without Tears," which ends today at the Atlas Theatre, made up his mind that he preferred the United States while working in the picture. His decision arose from a comparatively minute cause. It seems that Milland was required to take a shower bath for one scene.

CAPITOL THEATRE With Spencer Tracy again portraying a real-life character so expertly that once more he enacts his stellar role without the use of artificial make-up, "Edison, the Man," ends today at the Capitol Theatre.

OAK BAY THEATRE The adventure that thrilled the world is now showing on the screen of the Oak Bay Theatre, in Darryl F. Zanuck's production of "Stanley and Livingstone," the 20th Century-Fox film with Spencer Tracy, twice winner of the Academy Award, turning in another great performance as the heroic reporter who risked his life to "Find Livingstone!" in the black heart of unknown Africa.

PLAZA THEATRE "Call of the Wild" which began its local engagement yesterday at the Plaza Theatre, comes as the long-awaited vehicle to offer Clark Gable a real he-man role, and Clark's work as Jack Thornton, the handsome, swash-buckling prospector, stands out as the finest of his career.

RIO THEATRE Olivia de Havilland's wardrobe for Warner Bros. Technicolor production of "The Adventures of Robin Hood," in which she plays the leading feminine role opposite Errol Flynn, now showing at the Rio Theatre, is estimated to be worth approximately $10,000.

In Dangerous Wilderness

Victor Mature and Carole Landis travel through a dangerous wilderness to the cave of the Rock Tribe, the savage clan, which is vividly pictured in Hal Roach's "One Million B.C.," the spectacle of prehistoric times, which will open today at the Dominion Theatre.

Former Clubmates on Opposing Squads

PRIDHAM (Jokers)

CLARKE (James Bay)

FORMER clubmates, who will be in opposite camps this evening when Jokers and James Bay senior stickhandlers meet at the Victoria Sports Centre. Pridham, scrappy young home player on Coach Gus Munroe's black-clad gutted stick artists, played with the Bays last season when they won the city championship. Victory tonight for Manager Ted Menzies' orange-sweatered boxla players will place them deadlocked in first berth with Alert Service. The senior game will get under way at 8:30 o'clock. McLean's Bakery and Owl Drug, smart junior aggregations, meet in the curtain-raiser at 7 o'clock. Bakerymen's lineup follows: Taylor, Packford, Ludbrook, Robinson, Porter, J. Lott, Holmes, McCorkall, Lea, McCaghey, Jones, Bishop, G. Lott and Penketh.

Victoria Police Pistol Team Win Canadian First

Constable Edward Sturrock, of the City Police Force, set a new record in individual match for the Canadian visitors at the Northwest regional pistol tournament held at Fort Lawton near Seattle last week-end. As the high Canadian individual, Sturrock, shooting as an expert, took first place in the .22 cal. timed fire match, and second place in the national match course.

Charles Webb, shooting as a sharpshooter, took three firsts, in each of the deliberate fire match, the timed fire match, and the national match course; while William Ostler, sharpshooter, took second place in the timed fire match.

Other members of the team placed well up in the lists. Shooting with John Mason, Reg Lanning and Steve Dunnell, the others of the team that took first place of all Canadian teams contesting, Chief of Police McLellan showed that his eye was still keen for the target.

Earl of Coventry Killed in Action

LONDON, July 16 (CP).—The Earl of Coventry, previously reported as missing, was killed in action in France while serving as a Lieutenant in a Worcestershire regiment, it was announced today.

The thirty-five-year-old Earl, tenth holder of a title created in 1697, fell during fighting at Givenchy shortly after the Nazi invasion of France began, an official announcement said.

His five-year-old son succeeds to the title.

IRISH OUTLAWS ARE HEAVILY SENTENCED

BIRMINGHAM, Eng., July 15 (CP).—Arthur Fitzgerald, William O'Hanlon and Terency Perry, members of the outlawed Irish Republican Army, were sentenced today to ten, eight and six years imprisonment, respectively, for possession of ammunition and explosives.

SOLDIERS WIN BALL FIXTURE

Defeat Camerons, 4-2, at Victoria West—Two Games Tonight

Pushing over the winning runs in the seventh frame, Army softballers last night defeated Cameron Lumber, 4-2, at Victoria West Park. The victory advanced the soldiers into third berth in the senior standings, a few percentage points ahead of Brunsdon's Veterans.

McCorkall, speedball hurler, was on the slab for the soldiers, and, after the second inning, pitched shutout ball. Joe Travis, who usually spends his time chasing fly balls in the outer gardens, hurled for the lumbermen.

Score by innings:		R
Camerons	020 000 000	2
Garrison	020 000 20x	4

Batteries: Travis and H. Milliken; McCorkall and Godsmark.

TONIGHT'S GAMES

In need of a win to retain their slim chances of gaining a play-off berth, Brunsdon's Veterans will oppose the Victoria Longshoremen, league leaders, this evening at Royal Athletic Park. Out in Victoria West, Garrison and Cameron Lumber nines will meet for the second time in successive nights. Games are scheduled for 6.15 o'clock.

DOCKYARD TRIUMPHS

H.M.C. Dockyard softballers journeyed to Sidney last night and defeated Bull Bros., pace-setters in the "B" section, 8-7. The eventual winners set up an early lead, and then halted a final-inning rally by Bull Bros., after one runner crossed the plate.

Score by innings:		R
H.M.C. Dockyard	104 000 010	8
Bull Bros.	004 010 101	7

Batteries: Hough and Hibbert, Ascott and Eckert.

MACHINERYMEN WIN

Playing at Central Park, Victoria Machinery Depot nosed out Spencers, 8-7, in a "C" section fixture. The triumph enabled the machinerymen to clinch first berth honors and a bye in the play-offs. Scores:

		R.	H.	E.
Spencers	101 020 003	7	4	6
V. M. D.	140 100 20x	8	7	5

Batteries: Adams, Carr and Ball, Thomas and Oakley.

LUMBERMEN BEATEN

Scoring an even dozen runs in the first three frames, Times defeated Lemon Gonnason, 14-4, at Central Park.

Score by innings.		R.
Lemon Gonnason	000 001 210	4
Times	444 010 01x	14

Batteries: Johnson and Milliken; Bacon and Perkins.

Navy won by default from the Cameron Lumber when the latter team failed to put in an appearance at Bullen Park.

WOULD HALT PRICE GAINS

Continued from Page 1

to be taking advantage of the 10 per cent war exchange tax, in the same manner as if the goods concerned come within the scope of commodities deemed to be necessities of life.

FARMERS COMPLAIN

There was considerable criticism of the war exchange tax, which, Mr. Ilsley agreed, had the same effect as a general tariff increase of 10 per cent. Members from farm communities believed it should not apply to farm implements which must be imported.

No progress was made with the resolutions or the amendment, but an earlier amendment, easing the automobile tax burden on new cars in hands of dealers when the budget came down, was adopted.

This provides that cars actually in possession of dealers at the time the budget became effective would be subject only to a flat 10 per cent. Those to which title remained in the manufacturers' hands, although in transit at the time of the budget, will be taxed the full amount, which ranges up to 80 per cent of the cost prices in excess of $1,200.

CHARGES OF PATRONAGE

Charges of patronage brought by Conservative members from time to time since the session opened, were renewed again by the Conservative leader, R. B. Hanson, during discussion of budget resolutions.

Mr. Hanson said that he knew of many instances in which patronage was operating in the expenditure of public money on airports and other war projects.

"Down in the County of Westmorland (N.B.), no man can get a job in connection with the building of these airports unless he had a letter from the Liberal machine," Mr. Hanson declared. He mentioned the Dexter Construction Company.

"Shame on a Government that will allow that sort of thing to go on in wartime!"

Mr. Hanson said the boss on a Moncton railway job being handled by the Patterson Construction Company, told an applicant for work:

"'It is a crime but you cannot get a job here unless you have a letter from Mr. So and So,' the local dispenser of patronage in Moncton. Does the Minister approve of that sort of thing?"

"No, I do not," Mr. Ilsley said. He made no other answer to the charges.

ENTERS SPECIAL PLEA

Mr. Hanson made a special plea for relief from the 10 per cent war exchange tax on behalf of dealers bringing in caterpillar tractors ordered by customers who negotiated fixed price contracts before the budget became effective June 25. Mr. Ilsley said he could promise no special consideration.

M. J. Coldwell (C.C.F., Rosetown-Biggar) urged the Government to consider relieving agriculture of the 10 per cent war exchange tax on imported implements. The least the Government should do, he contended, was to take every possible measure to see that Canadian manufacturers did not take advantage of the new tax to raise prices to the import price level including the tax.

J. G. Diefenbaker (Con., Lake Centre) asserted this tax would be an added $2,000,000 burden on Canadian agriculture, which imported $20,000,000 worth of farm implements last year.

PROTESTS PRINCIPLE

Walter Tucker (Lib., Rosthern) protested against what he termed the protective principle in the new tax.

"This is not in accord with what we should do as a Liberal party," he said. He had not voted for the budget because it contained that provision, he said.

An additional 10 per cent tax on agriculture at the present time might prove a blow from which that industry would reel for years to come. Other industries did not seem to realize the actual state of agriculture.

Net income of agriculture, according to the report of the Royal Commission on Dominion-Provincial relations, was $782,200,000 in 1926 but only $439,400,000 in 1937—and this included a substantial amount for "the privilege of living in their own houses." The average of 1931-1937 was 65 per cent below 1926.

Tank Cars Are All Requisitioned

BUCHAREST, July 15 (AP).—The Rumanian Government requisitioned today all the country's 9,000 tank cars, including many owned or leased by Britain and United States interests which now must apply to the Government for cars, telling how many they need and where they are shipping them.

Rumanian guards, at the same time, took British-chartered French ships up the Danube River to prevent any possibility that they might leave secretly for Istanbul.

FINANCE - COMMERCE - MARKETS

Stocks Leaning Towards Upside On Wall Street

NEW YORK, July 15 (AP).—Stocks generally leaned a bit to the upside in today's market, but real strength was lacking in any department.

While The Associated Press average of sixty issues edged up .1 of a point at 41.2—it has varied but slightly from this figure in the past two weeks—the day's turnover of 226,580 shares compared with 255,-990 last Friday and was the smallest for any full session since August 2, 1918.

Steels led an early forward crawl, but these backed away from the best when the estimated rise in this week's mill operations was a trifle less than had been expected. Steel finished up 1-2, Republican 1-8 and Youngstown Sheet 5-8. Bethlehem showed a net loss of 1-4.

American Telephone was off 1-2 and Du Pont up 1-4.

General Motors and Chrysler gained 1-2 and 3-4 respectively.

On the upside fractions to around a point were United Aircraft, Glenn Martin, Celanese, Eastman Kodak, Philip Morris, Great Northern, Montgomery Ward, Kennecott, Consolidated Edison, Westinghouse, Air Reduction and General Electric.

Off as much were Johns-Manville, Douglas Aircraft, Boeing, Union Carbide, International Nickel, Standard Oil of N.J., Santa Fe, Woolworth and U.S. Rubber.

A few corporate issues rose above Midsummer lethargy in the bond market, and scored wide gains today.

There was demand for Continental Oil 2 3-4's, Allegheny Corp stamped 5's of 50, Gulf, Mobile & Northern 5 1-2's and Remington Rand 4 1-4s of '56 (with warrants) at prices 1 to around 2 points above the previous closing.

Italian obligations were down 2 to 3 3-4, German 7's down 1, and Canada loans 2 or more. Belgium 6 1-2's declined 24 1-2 points.

DOW JONES AVERAGES

Dow Jones averages closed today as follows:

Thirty industrials, 121.74, up .26.
Twenty rails, 26.10, up .05.
Fifteen utilities, 22.52, off .01.
Total sales, 230,000.

EVEN TREND IN MONTREAL PRICES

MONTREAL, July 15 (CP).—The stock market maintained an even trend at the close today.

In base metals, Hudson Bay Mining had an upward adjustment of two points to 22, while Hollinger gained 5 cents to 9.90. Nickel, however, backed one-half point to 31.

Papers helped prop up the curb market in the quite late dealings. Mines, East Malartic, Perron and Wright Hargreaves posted sizeable gains, but Francoeur eased lightly.

WHEAT FUTURES RESTING ON PEGS

WINNIPEG, July 15 (CP).—Despite reports of an export business of wheat to the United Kingdom estimated at 2,000,000 bushels, wheat futures prices on Winnipeg Grain Exchange today remained at their Government pegged levels of 71 3-8 for July wheat, 73 5-8 for October and 74 5-8 cents per bushel for the December future without a single trade being completed.

Prices fell on other American markets, with Chicago down 1-2 cent, and Buenos Aires 1-8 cent lower.

Coarse grain trading remained dull. Trade in cash wheat was slow, although shippers and mills did some business in lower grades.

Your Health and Your Weight

THE CRITICAL AGES FOR UNDERWEIGHT AND OVERWEIGHT

By JAS. W. BARTON, M.D.

When a survey was made of the tuberculosis situation, it was found that the number of cases of tuberculosis per hundred thousand of the population was becoming gradually less in all ages and in both sexes except for one group; the group of young women fifteen to twenty-one years of age.

It is at this age that nature really does her best for women because they have passed the age of puberty and should be acquiring a more mature state. However, it is at this age also that girls undergo emotional disturbances, begin to go to dances, get less sleep and so become irregular in their daily health habits—food, exercise, rest and bowel habits. All this naturally saps some of their vitality and makes them more likely to develop tuberculosis.

It was, however, the desire to keep slim, to attain the "boyish" figure, that was the last straw in making these young women more ready victims of tuberculosis.

It is this age, then, fifteen to twenty-one in girls and women, that is the critical age from the standpoint of health and weight. A little gain in or excess of weight at this age is an asset, whereas a little loss or decrease of weight is a real liability.

Just as there is a critical age for underweight, so is there a critical age for overweight.

As we grow older it seems only natural that we should grow heavier; in fact, the increase is so gradual that it is often considered a sign of health. To get overweight is really a sign of health in that it shows that the body is healthy—that after using the food it needs for the workings of the body, it is able to store any extra food as fat in the body.

Now, this is a natural or healthy process, but the result—overweight—is not a healthy condition in that it endangers health and life. Thus while insurance companies allow for this increase in weight even to the point of accepting an overweight whose waist measurement is not more than the chest measurement when it should be six to eight inches less at least, nevertheless they charge the overweight a higher rate because he is overweight. Insurance companies base their rates on the "average" individual and, of course, the thin ones who are better risks have to help pay for the overweight ones to get the average rate that age should pay.

Why should we not allow ourselves to get overweight as we grow older?

Until a man reaches the age of twenty-five to twenty-seven and a woman twenty-nine or thirty, it is meant that they should eat heartily to build up their bodies and have strength to play. When the age of twenty-five to thirty is reached, they have arrived at the "maturity" stage. Many, unfortunately, when they stop playing, or play or exercise only to a slight extent, do not lose their appetite for food and "plumpness" comes on so gradually that it is not noticed. It is this age, then, that is critical for those who have such economical body processes that they have some food left over to store on the body as fat.

There are three reasons why most individuals put on weight at this time.

First. The building of the body structure is mature or complete. The bones are set, joints firm, width and depth of shoulders and the length of trunk have reached their limit. None of the food eaten is needed for building. All the food needed is enough to supply heat and energy.

Second. At this age, the choice of a career of the average man and woman has been settled. There is careful planning, of course, and some mental problems to be solved, but there is not the same amount of hurrying and worrying of previous years. This means more rest or peace of mind, more sleep.

Third. At twenty-seven to thirty most men and women have given up "active" games—baseball, football, tennis and dancing and evening parties. This decrease in exercise is perhaps the biggest factor in increasing weight at this time.

A little thought about these three factors will prevent overweight. A little less food, a little more exercise, and a little less rest will make it unnecessary, a few years later, to go on strict reducing diets to maintain health and figure.

OTHER WORRIES

A couple of chaps got talking about the financial situation and cost of living and things like that.

After a while one of them turned to me and said: "Do you understand what is meant by the purchasing power of the pound?"

"I might," I told him. "But what worries me is the purchasing power of the missus."

CHAPTER LVI

Gwen drew her sister to the window, and they stood looking out into the garden together.

"This is what worries," Gwen said. "You know you said that Dick seemed sort of serious at dinner last night. He is serious. He spoke to me just before he left. Well, he tells me that Van will never walk again."

There was a silence, except for Sheila's quickly drawn, shocked breath.

"He'll never stand again," Gwen said. "And of course he doesn't know it. He had us send telegrams to Washington yesterday that he would be there for Christmas. He's got a case there. He's been working on it for two months. But Sheila, Dick tells me he'll never go to Washington again. He can get into a chair—even that'll be hard. He'll have a nurse—a man nurse—to lift him. But he'll have to have a room downstairs, here, and this will be his whole world now."

"Gwen, it'll kill him!"

"You see there's simply a dead part, down toward the end of his spine, Sheila. Two vertebrae have become dislocated. It's just as if your knee or your elbow were filled in with plaster; no bone, nothing there but muscles and flesh. Nothing to brace with. Dick drew me a picture. And nothing else wrong at all—nothing else wrong at all!"

"Hard for you," Sheila said simply, out of deep thought.

"I suppose that's what I'm thinking of," Gwen said. "It will be harder than death for him, and harder than death for me. If he had died—and of course I thought of that, Sheila, Tuesday night and all day Wednesday, when he so nearly died!—if he had died, I would have thought that he had had a great deal, success, and money. But this way it ruins his life, and yet he lives, and it ruins mine, too. No more picnics with the children," Gwen went on in a low tone. "No more trips with him, ocean liners and Paris and New York. We've both loved that, Sheila, loved going about. It means keeping him happy, keeping the children quiet, never getting away—never free—"

Her throat thickened, and she was still.

"It's horrible!" Sheila said passionately.

"No, it's not horrible," Gwen amended it courageously. "But it seems to make my life so much harder, And—and having this little time with Dick, of course, made me think—made me think—

"It's awful!" she went on, after a silence, with a broken laugh; it's awful to talk this way about your husband! I ought to be thinking of Van—poor Van! And I will Sheila, as soon as I get used to the idea. We'll have more than enough to live on, and I said to Dick, when he told me, that that was one thing to be so grateful for!"

"He can't play the piano any more?"

"He can't do anything that means using his back! And all his music—a whole chest of it!"

"You knew this yesterday, Gwen, and you never told me!"

"I'd guessed it before that, from the way they talked. But Van will have a radio and a phonograph and books—he doesn't read much, but that's because he's been so busy. But I'll get him crime books—books about big cases—and he'll become interested. And the children will be growing up. It'll all work out, I presume," Gwen said a little wearily, "that there's a purpose behind it all. Let's hope so!"

"I thought when I got up that I'd go right back to bed," she added, as they went upstairs with their hands linked in the old fashion of their girlhood, "but now I feel so much more rested I think I'll go down to the hospital. Dick's going today."

"Back East?"

"Yes, at twelve. Strange things, Sheila, that I was thinking," Gwen pursued. "They all say—I mean the doctors at the hospital say and everyone seems to think—that if Dick hadn't been here, knowing something of this special operation, Van mightn't have lived. And if you and Link hadn't been out here for the election I wouldn't have met Dick again, I wouldn't have—have had those few days, when I've been seeing him, and he would have gone back East with the rest of the doctors right after the convention."

"Isn't it a strange chain?" Sheila agreed. "These days have made it harder for you, haven't they, Gwen?"

"Yes, Sheila, much harder. Incredibly harder. Because right along I've been thinking, I've been making myself think, that what I felt for Dick long ago was partly a girl's imagination, a girl's dream. But now I know it wasn't. I know now that we were—we were made for each other."

"It was pity that made you marry Van, I suppose," Sheila said in a musing tone; "and Dick being so far away. And of course the force of a—a tremendous character. Somehow I don't think the fact that he was making money had much to do with it."

"No, that didn't have anything to do with it! As a matter of fact," Gwen said, "I was looking forward to poverty—romantic poverty, with Dick. I felt that it was the fitting prologue to a great surgeon's career, I suppose."

"Here's Dick now. I thought you said he was going at twelve?" Sheila said, looking down the drive.

"He is. I imagine he came up to say good-bye."

Sheila vanished, and Gwen went downstairs and met Dick at the door.

"I've only got a minute," Dick answered, guiding her toward the drawing-room door. "This is good-bye, Gwen," he went on, looking down at her, his hands on her shoulders. "I don't know when—I'll see you again. I don't quite know what I'm going to do. If I can get away for a while I probably will."

"Gloucester and Shanghai and Rio?" she said, smiling through sudden tears.

"Maybe," he said with a quick contraction of the muscles of his face. "All those places we were going to go together, if I ever had five thousand dollars, Gwen. Funny how much money means when you haven't got it, and how little it buys when you have! Good luck to you, my dear. I'll think of you always. I'll think of you always."

"You'll write me, Dick?"

(To Be Continued)

WHY IS IT CALLED CONEY ISLAND?

Under its Indian name, Narioch, meaning "a point of land," nobody would recognize this world renowned five miles of Summer resort.

A "must" on the list of every New York City visitor, Coney Island, not so long ago, was a marshy waste of weeds, scrub and rabbits—which last, though there is not a single one to be seen throughout the length and breadth of this mammoth amusement area, may be responsible for its present name, after the Dutch word for our bunny konyen, or an old English name for it coney!

Efforts along all logical avenues of research reveal a number of other likely roots from which stemmed the first usage of the name Coney.

An authoritative paper published during the first quarter of the nineteenth century, previously read before the New York Historical Society, attributes the designation to a Dutch family of land owners named Conyn.

Another trail ends at the name "Congu Island" which Coney Island seems actually to have been called originally; but there is ground for believing that Congu is wrong for Conyn.

A rather fantastic theory is that in the early days, when this now Colossus of Innocent Pleasure was nothing but storm-whipped dunes, the drifting sand would be formed by the wind, here, there and everywhere, into a large-sized truncated cone — on account of which, the entire expanse came to be called colloquially Coney Island.

Last and perhaps least accepted version is that Coney is a modification of the Indian konooh bear.

Anyway, it's a lot of fun.

THE BLACKOUT

A fat man, riding to his home on a crowded bus remembered quite suddenly that he had two five-dollar bills in his coat pocket. Thrusting his hand into the pocket, he was surprised to find the hand of a fellow passenger.

"So," he shouted, angrily, "picking my pockets, eh?"

"Let go my hand!" bellowed the other.

"Thief!" shouted the fat man.

"Rat!" hissed the thin man.

Then a timid-looking man in their vicinity said, "If you two gentlemen don't mind taking your hands out of my pocket, I'll get off at the next stop."

2 DEATHS

MARTIN—Passed away at the Royal Jubilee Hospital on July 13, after a long illness, Edwin George Martin, aged eighty-one years, a native of Michigan, U.S.A., and a resident of Victoria for six years, a former resident of Trail, B.C. The late Mr. Martin came to the Prairie Provinces as a young man. He took part in the Riel Rebellion and during the Great War was with the 199th Manitoba Rangers and later with the 97th East Kootenay Battalion. He is survived by his widow at the family residence, 160 Burnside Road, and three sons, Edwin George Martin, R.C.A., Victoria; Leslie C. Martin, Rossland, B.C., and John Martin, of Calgary; also two daughters in the United States. He was predeceased by one son, Frederick Martin, who was the architect responsible for the Windsor-Detroit Tunnel.
Funeral service will be held Tuesday, July 16, from the Thomson Funeral Home at 2.30 o'clock, with interment in the Colwood Burial Park. Rev. Alan Gardiner will conduct the service.

SIMPSON—Suddenly on July 13, 1940, at her home, 472 Burnside Road, Saanich, Mary Elizabeth, beloved wife of William Simpson, aged seventy-four years, born Parson's Bridge, Craigflower Road, and a resident of Saanich for sixty-five years. Survived by her husband, two daughters, Mrs. E. Blackhorn, Sardis, and Mrs. A. Thomas, Victoria; three sons, William C., Reginald C. and Walter V., Victoria; three brothers, Robert, James and Frank Greig; one sister, Mrs. Emily Johnston; ten grandchildren, and two great-grandchildren.
Last rites will be held on Wednesday, July 17, at 2 p.m. in Hayward's B.C. Funeral Chapel, Rev. F. Vernon Venables officiating. Interment in Colwood Burial Park.

FISHER—On Sunday, July 14, at the Royal Jubilee Hospital, Ellen Louise Fisher, aged seventy-eight years, wife of William B. Fisher, of 1731 Rank Street. The late Mrs. Fisher was born in England and had been a resident of this city for the past thirty years. She is survived by, besides her husband, one son, Frank B. Fisher, of Ladner, B.C.; one daughter, Mrs. R. L. Hewitt, of San Francisco; also two sisters, Mrs. Herbert Beaumont and Mrs. P. L. Lucas, in England, and three grandchildren.
The remains are resting at McCall Bros.' Funeral Home, where services will be held on Tuesday afternoon at 3.30 o'clock. Interment in Colwood Burial Park.

HALL—Mrs. Eliza Hall, widow of the late Frederick James Hall, 980 Heywood Avenue, passed peacefully away Sunday morning, July 14, 1940, after an illness of two months. Mrs. Hall was born in Ottawa, Ont., eighty-seven years ago, and came to British Columbia sixty-five years ago, where she had resided ever since. There survive one son, George H. Hall; one daughter, Mrs. Charles E. Ray; one grandson, two granddaughters; and three great-granddaughters. Mrs. Hall was an ardent church worker, having been a member of the Metropolitan Church since its inception.
The remains are resting at the chapel of the Sands Mortuary Ltd., from where funeral services will be conducted on Tuesday, July 16, 1940, at 2.30 o'clock. Rev. Dr. W. J. Sipprell will officiate, and the remains will be laid at rest in the family plot in Ross Bay Cemetery.

STEVENSON—There passed away on July 13, at St. Joseph's Hospital, William Edwin Stevenson, aged seventy-four years. The late Mr. Stevenson was a native of Fingal, Ont., where he had resided all his life, only recently coming to Victoria to make his home. He leaves in sorrow, his widow; one son, A. J. Stevenson, residing at 2011 Quadra Street, Victoria; also three daughters, Mrs. Margaret Kindall, Detroit, Mich.; Mrs. Orville Johnson, St. Thomas, Ont., and Mrs. Leland Harris, Fingal, Ont.
The funeral has been arranged to take place from the Thomson Funeral Home on Wednesday afternoon, July 17, at 2.30 o'clock. Rev. R. M. Thompson will conduct the service. Interment will be in Royal Oak Burial Park. (Toronto papers please copy.)

5 IN MEMORIAM

McDONALD—In loving memory of Ormond A. McDonald, who departed this life July 15, 1929.

There is a link life cannot sever,
Love and remembrance last forever.

—Missed by your wife, Frances, and daughter, Gwen.

McALLISTER—In loving memory of our dear son, Arnie, who passed away suddenly on July 15, 1928.

His words, his deeds, were kind and sincere,
His smiling face we miss severe.
Our Father called him above,
To have with him eternal love.

—Inserted by his loving mother, dad, brothers Billie and Ernie, and sister May.

"THE BLUFF," SOOKE
ENGLISH COUNTRY HOME OF 11 rooms. Commanding magnificent views of the rugged South Coast of Vancouver Island, the blue waters of the Strait of Juan de Fuca and the majestic Olympic Mountains.
The estate includes an area of 69.67 acres, of which approximately 50 acres are in natural wooding. The grounds are laid out in the English mode with well-established hedges dividing the garden and tennis court from the fields. There are many flowers and shrubs and ornamental trees, and a greenhouse with a grape vine which has borne in one season 500 pounds of grapes. In addition there are serviceable farm buildings and several stucco cottages which, with the residence, bring the number of available rooms to seventeen.
The property has a seafrontage of over one-half mile. It is absolutely secluded and yet within one hour's drive from Victoria. Price $8500

LAW SOCIETY OF BRITISH COLUMBIA

NOTICE is hereby given that at a meeting of the Benchers of The Law Society of British Columbia, held in the Benchers' Room at the Law Courts, Victoria, B.C., on the 6th day of July, 1940, the following resolution was passed in accordance with Section 45, Subsection (1) of the "Legal Professions Act."
E. C. SENKLER, Secretary, L.S.B.C.

That upon reading the complaint made by Mr. Edmund Cumming Senkler, Secretary of The Law Society of British Columbia, in the form of a letter dated the 10th day of May, 1940, against Mr. Ernest Henry Montague Foot, a Barrister and Solicitor of the Supreme Court of British Columbia, and upon hearing the evidence of the said Edmund Cumming Senkler in support of the complaint, and upon hearing the evidence of the said Ernest Henry Montague Foot sworn herein, and upon hearing Mr. H. W. R. Moore of counsel for the said Ernest Henry Montague Foot:

Resolved, that after careful consideration of the said complaint the Benchers are of opinion that the said Ernest Henry Montague Foot has been guilty of professional misconduct in the premises, and that he be suspended from practice as a Barrister and Solicitor of the Supreme Court of British Columbia for three months from the 9th day of July, 1940.

PROOF POSITIVE

Mrs. Brown's whole outlook on life was dominated by what the stars foretold. Her husband was a rather dogmatic disbeliever. However, he finally agreed to accompany his wife to an astrologist and have his future read.

"Ah!" said the soothsayer, "you were born under the star Aquarius, and ——"

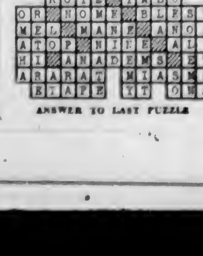

"There!" blurted out Brown, triumphantly. "I told you it was all tripe! I wasn't born under no star; I was born in the daytime."

What Today Means

"CANCER"

If July 16 is your birthday, the best hours for you on this date are from 10:15 a.m. to 12:15 p.m.; from 2:15 to 4:15 p.m. and from 8:15 to 10:15 p.m. The danger periods are from 8:15 to 10:15 a.m.; from 6:15 to 8:15 p.m., and from 10:15 p.m. until midnight.

Today take what you hear with a grain of salt, unless it comes from a thoroughly reliable source. Alarmists today will be responsible for many unfounded rumors, and a needless amount of apprehension being experienced. The foundation of success is optimism, and failure pessimism, so you must look on the bright side of life today if your efforts are to get results. Do not take people too literally today, for the average person's sense of humor may be responsible for their talking in a jocular vein, which might be easily misconstrued. In some inexplicable manner a way and means is likely to be found for the solving of most worrisome personal problems by those who refuse to become discouraged. There appear to be many auspicious conditions existing for the advancement of personal interests, particularly along social and promotional lines. Married and engaged couples, and those who have fallen into Cupid's trap for single people, will find hunger and fatigue are two things conducive to make most anyone mad, so it is advisable every precaution is taken to prevent either upsetting what would otherwise be a very harmonious state of mind.

If a woman and July is your birthday, avoid getting into the habit of making comparisons, bearing constantly in mind that there are many times when they really are odious. You ought to have many very pleasing characteristics and an evenness of disposition that will make you greatly admired. Unless you are careful there is a danger of the radio, moving picture and theatre, destroying any fondness you have for reading literature, and you should never permit the former to ever supplant the latter. As a public stenographer, secretary, office or sales executive, interior decorator, teacher, artist, actress, musician, or photographer, you may make your friends proud of you, and find yourself gratified by your results. Your matrimonial prospects appear to be very bright.

The child born on July 16 may through some out of the ordinary characteristics have a revolutionary change in general characteristics, the most noticeable among them being an unusual interest in some worth while activity, and the development of a rather serious train of thought. Children born on this date generally make outstanding records for themselves upon arriving at maturity.

If a man and July 16 is your natal day, your enterprise and foresight should enable you to be most successful. Through your activity as an army or navy man, engineer, inventor, aviator, clergyman, salesman, manufacturer, promoter, politician, writer, actor, lecturer, agriculturist, or metallurgist, you may make a place for yourself in your chosen career.

TO THE DEATH

He—Honey, your husband and I are going to fight it out at dawn!

She—Good heavens! Shooting irons?

He—Sure, driver, mashie and putter.
